A NOTE ON ADHERING TO COURSE TIMEFRAMES & PREREQUISITES:

Higher Consciousness has requested that this note be added here to emphasise the importance of the following:

▶ **Ensuring you have met the required prerequisites before commencing this ebook**

[FAQ: Is it important to complete the prerequisites for each Ascension Pathway ebook?](#)

▶ **Ensuring you follow the prescribed timeframes in this ebook**

[FAQ: Do I need to follow the prescribed timeframes given in each Ascension Pathway ebook?](#)

▶ **Ensuring you follow the prescribed resting timeframes in this ebook**

[FAQ: Is it important to complete the resting days in between the Ascension Pathway practices?](#)

All of the prerequisites, practices and timeframes in this ebook have been divinely created, designed & brought through by Higher Consciousness so that we are able to get the maximum benefit from the energies in order to ascend. We lovingly ask that you please read the above FAQs and refrain from 'speeding through' timeframes, practices or ebooks in less time than has been divinely prescribed. Over the years, Higher Consciousness has shared a number of messages on this topic and with much love, we now wish to share some of these here:

"Each individual on these pathways will find some layers of healing and purification easier than others; this is due to your own karmic circumstances and is not a justified cause to skip timeframes or 'accelerate' yourself due to egoic justifications. Please Dear Ones we say it with love - be kind to yourself and follow the pathways as indicated, as best you can. There is no 'pass' or 'fail' on this journey, but there are circumstances that lead to a more complete journey. Please follow our guidance in the energies and know that you are being watched with great love and abundance."

"Accessing advanced level energies before you are ripe to receive them can cause backward-sliding effects for not only oneself, but for the Love Inspiration Community & collective consciousness as a whole. Your premature acceleration is not recommended, with love, under any circumstances. Please take heed."

"Those who are knowingly not following the Ascension Pathway correctly, not using the specified timeframes or jumping ahead to reach advanced levels or practices, we ask you lovingly to refrain. This is not a request for ourselves, but rather a plea to aid your very own ascension. Let us assure you that misusing the energies in this way will not bring you any advancement and in fact, over time, misuse of the energies will corrode your energetic merit & therefore your ability to stay on the pathway."

Lastly, please know that if you want to speed up your pathway/ascension, then Higher Consciousness has lovingly brought through several *legitimate* optional ways to do this and further information can be found on the [Accelerate Your Ascension Pathway webpage](#).

FOREWORD:

It is with much love, light and joy that we welcome you here to the Crimson Horizon and to this very significant step forwards on this Ascended Pathway. As you may remember from the Blue Light - Volume 1 ebook, the Crimson Horizon represents a very significant step upwards in energetic vibration and this will indeed serve you well on your continued journey into the one-ness frequency and into more love, peace and truth in your life.

Having completed your 12 months of charitable service and having optionally completed the Shamro Gold and/or Usui Reiki Level 2 practices, you are now ready to take this next step on this Ascended Pathway for the infinite benefit of all. Congratulations!

Having now spent many years walking on this ascension journey, you have learnt and perhaps adopted many kinds of healing techniques and practices into your life. So it is here, during the Crimson Horizon ebook, where we will be introducing some new techniques which will help to again open your energy field to these new & exciting energies in a slightly different way.

Like all previous ebooks, the new practices being introduced here during the Crimson Horizon are very simple, straightforward and easy to complete however given the very high vibrational nature of these new energies, we do ask that you please be prepared for some new and deepened layers of healing arising during the coming months ahead!

As we understand it, the Blue Light energies have been of great help to you as you have now entered The New Love Consciousness vibration. Having now been officially welcomed into this beautiful new vibration, you have been asked to do a minimum of 12 months charitable service. And now, during the Crimson Horizon teachings, you can be guided upwards, higher and higher in what will be another very significant shift in your consciousness.

With much love in our hearts, we wish to say a warm and loving thank you for reaching this point and we wish to impress upon you that the next 2 - 3 years of this Ascended Pathway will be both extremely rewarding and incredibly enriching as you open up to a whole plethora of new & exciting energies. This is perhaps best thought of as a significant acceleration and speeding up of the ascension process as we start to move into a more exponential style of uplift.

In other words, having now arrived safely and beautifully into The New Love Consciousness, you are now ready to receive the beautiful array of new consciousness based energies that now await you - so that you can move closer, once again, to this new feeling of infinite love, divine purity and deep unification with the one-ness of all things.

We hope that you will enjoy your Crimson Horizon journey and may these beautiful new energies help to bring many new realisations and understandings into your life.

May you radiate these for all to benefit from and may this bring you much happiness, love & joy!

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

AN INTRODUCTION TO CRIMSON HORIZON:

Let us again welcome you here to the Crimson Horizon with much love & light. These energies and teachings are indeed very special and as we've mentioned in the foreword, you will notice a slightly different style and approach for this ebook. Due to the many different frequencies being received during the Crimson Horizon, the Guides have brought through two introductory messages. The first of these was received at the beginning of 2016, as we started to bring through the energies for Chapter 1 of the Crimson Horizon:

"Welcome to the Crimson Horizon and welcome also to the new coordinated light of RIGMALON. There shall be some adjustment to be made at this level of Being and for this we have chosen to feed these adjustments through teachings rather than specific symbols and their practices. You have now reached a vibration significant enough to comprehend and assimilate the teachings of Zyon. For this we say well done.

Breaking into new territory, the Crimson Horizon is a stage of the journey to awakening. Through the realms of Crimson Light we await your arrival. Through peaceful channels and great patience we bless your forwards journey. May it be all-encompassing and fruitful for all beings.

At this introductory stage, we welcome you after your completion of Blue Light. For some, you may still be undergoing your charitable project or projects at the time of embarking on the Crimson Horizon and this is ok. For others, your charitable acts may have suspended temporarily and this is also ok. We do recommend the continuation of charitable aid where possible.

The Crimson Horizon allows us to open to new understandings and this is beautifully applicable for our continued journey of ascension. Encompassing many rays of new light, the new Crimson Ascension is a journey of commitment and great experiential gain. Here compassion meets plentiful wisdom as we learn and grow together with each other. An opening of Crimson Light shall be seen and perhaps felt in the first three phases of ascension. This then readies us for being fully immersed in the Crimson Light - a harmonious frequency of great one-ness and tranquility. From here, the Crimson pathway leads us through diversity and into a new realm of completeness; the Crimson Horizon. For when the Crimson Light has nearly set, it is at its most beautiful. A dawn of new age is surely to follow.

With our congratulations we welcome you again to this phase of new light. May you ascertain the Crimson Peaks for the benefit of all and may you honour, serve and light the way home for all beings. May the Crimson Light be with you and may the Crimson Horizon give rise to the dawn of your new age.

With respectful admiration, your fellow Crimsonian."

~ Alcatroy

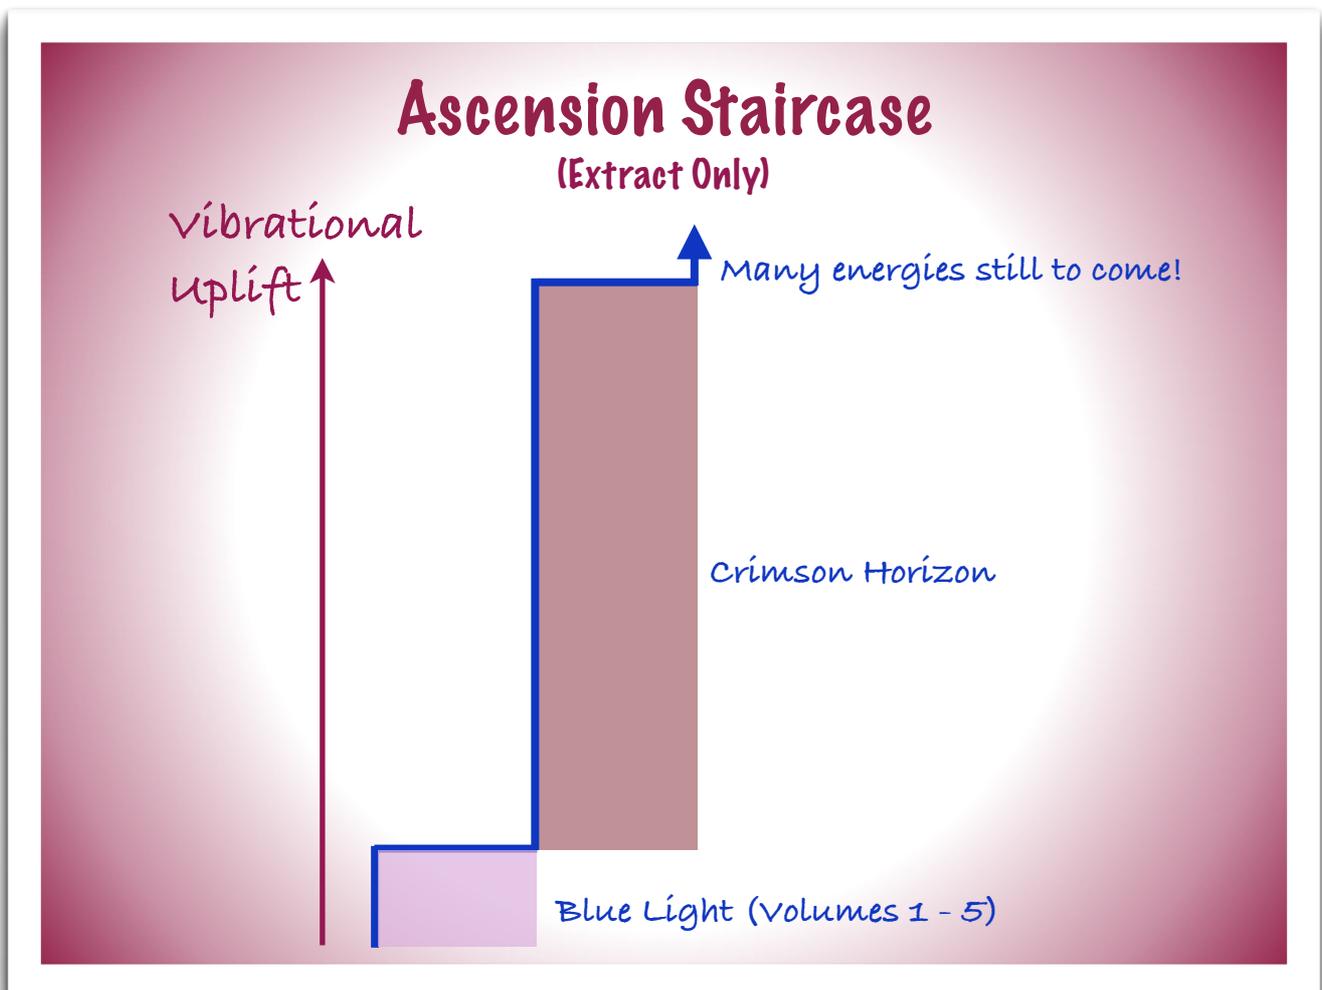

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Within this first introductory message, Alcatroy outlines that the Crimson Horizon energies are being received from "the new coordinated light of RIGMALON" and this follows on very beautifully from the Blue Light series (Volume 4) where we were told "...Now that you have reached the Volume Four frequency, you will now be receiving channelled teachings and attunements (energetic upgrades) from a new Source. This new Source, known as RIGMALON will now be coordinating all the energies and all the beautiful beings that will be blessing you on this monumental and incredibly required Ascended Pathway."

Therefore, we can see a wonderful continuity here between the welcoming into The New Love Consciousness vibration (as we opened up to an entirely new source of RIGMALON energies) and now with the even bigger step upwards being experienced through Crimson Horizon teachings (as we now fully embrace and digest the energies of RIGMALON and The New Love Consciousness).

This idea of entering and then moving more deeply into The New Love Consciousness vibration will likely make more sense to you as we continue to progress forwards and as we move into 'A Blue Beginning' but for now, lets just say that the Crimson Horizon energies are helping you to more deeply fully experience and assimilate this first layer of The New Love Consciousness as you prepare for many new exciting energies in the future. And as you can see from the below diagram, this Crimson Horizon step is indeed very significant:

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

As you have now seen, the Crimson Horizon energies will indeed be helping your consciousness to shift and change very dramatically over the coming months ahead. And this is all a very important part of you being immersed in this New Love Consciousness vibration as you are guided towards understanding and feeling this beautiful new vibration more deeply in your life.

As you take this next step then, there will no doubt be a deeper layer of healing and purification being experienced as a result, however most importantly, you will now be experiencing this purification with much skill, understanding, love and peace.

Having understood the vibrational step forwards, let us now move into the second introductory message which was received in early 2017, almost a year after the first chapter of energies were brought through. The second introductory message was received with the energies of Chapters 2, 3 & 4 and help to bring new clarity and understanding to the Crimson Horizon teachings and practices overall:

"With Crimson love and great fortitude we welcome you to the Crimson Horizon. Many doors are opening as you enter this new realm of Crimson light and energetic unfoldment.

You have walked far on this journey to date and for this we are most grateful. For without your commitment and dedication there would be no path to purification. We are grateful to you and to all who walk on this path.

Now let us enter the expansive Crimson Horizon energies. Here you will find changes in process. This is indeed fathomed as purposeful; please be flexible within the new practices. Opening firstly, we begin with the practice of repetitive conditioning of energies.

In-built in Chapter 1 are the energies of the 20 teachings of Zyon. This chain of energies has been delivered into small versus of writings. During repetition these chains are embedded and immersed, forming the foundational changes required within your energetic midstream to allow the Crimson Horizon to be birthed.

Chapter 2 / Phase 2 provides a basic meditational practice for building the 'environment' required to grow and nurture the forthcoming energies. Phases 3 & 4 are new openings allowing great portals of light to become.

The Crimson Horizon is a very definitive step in the Ascension Pathway. Although the practices are simple, there is great growth to be achieved through the practices. May the rise of the Crimson Horizon be with you for the infinite benefit of bringing realisation to all beings."

Chapter One: The Crimson Beginning

Welcome to Chapter One - The Crimson Beginning

AN INTRODUCTION TO THE CRIMSON BEGINNING:

Having now covered some of the more 'big picture' elements of the Crimson Horizon, it is now time for us to enter into the first chapter of these beautiful teachings - The Crimson Beginning. And before we do this, let us quickly provide you with some context about how these energies were brought through.

For Marty & Gerry, after completing the Blue Light Series of energies and accelerating their vibration even higher, Marty and Gerry were blessed to receive the teachings of Master Zyon which provided a completely new layout for receiving and digesting these new ascension based energies.

The 20 teachings of Master Zyon were brought through to Love Inspiration as Marty & Gerry underwent a deep retreat in the jungles of Nepal under their Guru - Mahasambodhi Dharmasangha. At this time, Marty & Gerry were guided towards assimilating and digesting these beautiful Chapter One energies in the same way as you will be reading below.

As part of this, you will notice here that the Crimson Beginning is slightly different to the symbol practices or meditative based practices being introduced so far. Instead, we will be sharing a variety of simple yet profound teachings from Master Zyon which will require that you read and re-read each of these over a certain period of time.

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

To help explain this in more detail, let us now hear from The Crimson Knights:

"Please note that each of the teachings have specific energy frequencies embedded within them, so although you are not receiving an attunement as per previous ebooks, you are indeed receiving an awakening of energies with every teaching. Do not underestimate the energetic power of simply reading and reciting the teachings, for the energies are being installed and embedded as you complete this.

Each teaching is numbered in order of light frequency therefore please only complete the teachings in order, one-by-one. Do not try to overload your system by reading many teachings at once - they cannot be assimilated at this rate. The order of light frequency is an order relating to the energetic content of the teachings rather than the specific context or working, therefore please do not assume that teaching 20 is more important than teaching 1. They are all of great transitional benefit.

Go Well."

~ The Crimson Knights

As part of this first chapter then, we will be providing you with a very simple set of 20 individual teachings. Within each teaching lies the ascension based energies that will need to be assimilated into your consciousness through repetitive reading.

For example, you can read through each teaching many times each day for a period of 3 days and this will be helping your energy field to digest and assimilate the new energies into your consciousness during this time. Wonderful!

We hope you enjoy this new style of learning and may it help to bring much wisdom, understanding and love into your life!

2. INVOKING THE ENERGIES FOR CHAPTER ONE AND THE MASTER ZYON TEACHINGS:

Before commencing Chapter One, please ensure you have activated (unlocked) the Crimson Horizon energies as per the message below in red.

NOTE: Before commencing Chapter One, please ensure that you have activated (unlocked) the Crimson Horizon energies prior to commencing.

The activation / unlocking process is a simple 5 minute process which unlocks the energies and gives you access to them. Once you have unlocked the energies, this means that all the Crimson Horizon energies and attunements have been activated specifically for you. You are therefore then ready to continue your Crimson Horizon journey by working through this ebook, at your own pace and receiving the energies as you feel guided.

If you have not yet activated / unlocked the Crimson Horizon energies for yourself, you may do this by following the instructions on Page IV of this ebook.

Once the energies are unlocked, you are ready to begin Chapter One!

In order to begin Chapter One and the Master Zyon Teachings we must firstly invoke the energies. This is a very important first step prior to reading through each teaching.

■ **1. Preparation:**

Sit or lie down, whichever is more comfortable for you, ensuring that you will not be disturbed for at least 10 minutes. Perhaps you wish to play some soft [healing or relaxing music](#), light some candles or burn some incense to create a nice ambience.

■ **2. Invoking The Energies:**

With hands in prayer position, please invoke the energies of the Master Zyon teachings by saying the following:

**"I hereby accept the energies of the twenty
Master Zyon teachings.
May the Crimson Light be upon me for the benefit of all.
Thankyou, thankyou, thankyou!"**

■ **3. Relax And Enjoy:**

Sit quietly for a few minutes after the invocation to enjoy the serenity.

■ **4. Begin The Teachings:**

You are now ready to begin reading the Master Zyon teachings, starting at teaching 1.

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

3. WELCOME TO THE MASTER ZYON TEACHINGS:

Let us again take this opportunity to welcome you here to this beautiful Crimson Beginning and to the Master Zyon Teachings. As we've mentioned in the previous sections, the Guides will be asking you to read and re-read each teaching several times (as many times as you wish but preferably at least 3-5 times per day) over a three day period.

The aim here is to assimilate the embedded energies into your consciousness (the energies are embedded in the words) so that you can continue to ascend into Higher Consciousness. If you wish to, you may also read through any previous teachings as you feel guided to throughout this time.

For example, if you are up to reading through teaching six and you feel like you wish to continue reading through teachings 1 - 5 also, then this totally fine. Just as long as you are keeping up with your repetitive reading for the current teaching, you are welcome to also read through the previous teachings as you feel guided to.

We do kindly ask however, as the Guides explained in their message, that you do not read through future teachings ahead of time as this can be detrimental to the overall ascension process at this level. The Guides have explained that the energies cannot be assimilated properly if you are reading through many new teachings at once so please, we lovingly ask you once again to not read through future teachings before you are ready.

For Marty and Gerry, they felt that the more times they read through each teaching, the more the energies were 'sinking in' and being assimilated. It was like each re-read helped to cement the energies into their consciousness as new understandings and realisations occurred.

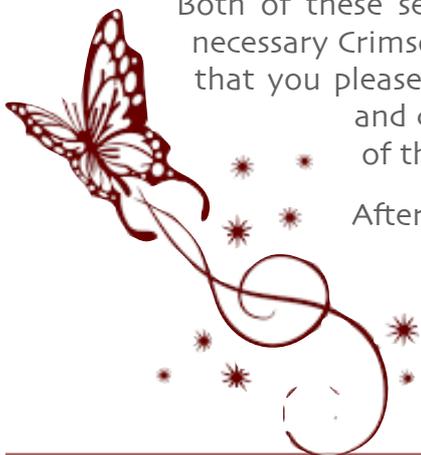

As part of this first chapter, we would like to recommend that you leave the current teaching (or teachings) out somewhere where you will see them regularly - as this can often help to remind you of the need to continually reread through them. Perhaps on the kitchen bench is a good place or perhaps on your work desk? The more you read and reread each teaching the better!

As they progressed also, Marty and Gerry had the understanding that Zyon is not just one being, but rather a 'Collective'; so in this way, the term Master Zyon can also be thought of as 'Collective Zyon'.

For example, as you progress through these teachings, you will notice that each teaching has two components, one 'main' teaching and then one 'companion' teaching. The first teaching is the teaching from Master Zyon and then the companion teaching is from other beautiful Higher Consciousness beings, helping us digest the meaning & energies of Zyon's teaching at a deeper level.

Both of these sets of teachings are vitally important and both of these contain the necessary Crimson Beginning energies embedded within them. Therefore, we kindly ask that you please read through both 'teachings' collectively to ensure that you receive and digest all of the energies that are available to you here in this first step of the Crimson Horizon.

After three days of reading and re-reading each teaching, the Guides have asked that you take rest for one day before moving into the next teaching (i.e. where there is no reading at all). This cycle of reading for 3 days and rest for 1 day then continues throughout the 20 teachings as you assimilate, digest and ascend into Higher Consciousness. We hope that you will enjoy this Crimson Beginning!

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

✿ Teaching 1 - The Precious Life:

Zyon: "Let it firstly be known that each of us has this - a precious human life. So precious in fact that we deeply underestimate its significance. For we are all joined together through this incarnation of life, yet we seek to separate ourselves from it. Why so?"

Deeply and innately within us lies the soul centre; the part of us that is connected to all - infinitely, yet somewhere in the formation of our physical human body we lose the connection; the desire to love each other fully and innately without causing suffering and separation.

Why then, if we are born with great connectivity (at the beginning of time) do we accelerate ourselves forwards into disconnection? Our task in this lifetime, and many others, is to find our way home, not to run further from it. This precious life is but a moment in fleeting time. But it is a moment we can spend in acceleration; either closer to, or further from, our truth (home)."

The Crimson Robes: "Dear Ones, we guide you most harmoniously to continue your plight heading home. This precious life gives you an ultimate chance to change your reality - now and for the continued good of all. We urge you not to waste it on physical accumulation of wealth or possessions, but rather to accumulate love and merit in order to accelerate your path home.

For many this will seem disheartening; surrendering all physical 'items' when your culture is bound in consumption and ownership, yet these impermanent 'happiness-es' cause nothing but bondage.

Bondage to a cycle of birth and rebirth until you understand the true purpose of being here.

Lay claim to what is rightfully yours - happiness, and turn the dial to due 'North' (home).

Please do not impoverish yourself by your continued actions to act as those around you act. Use your inner guidance to know what is morally right and wrong and do not dwell on your loss, but rather your upcoming gain. That of ultimate wisdom and truth. Your path to liberation.

Use this precious life to gain your merit and seek your wonders. Remember regularly how precious indeed it is to have this incarnated time on earth, and especially as a human, for many do not get this chance.

A life on this earth is rare; please use it wisely and for the benefit of all."

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

✿ Teaching 2 - An Awakening From God:

Zyon: "Welcome again dear friends. Teaching number two and you are already accelerating your truths into your profound consciousness! Let us begin at the start here by saying that the term "God" is open to whomever you wish this to be. We are not here to judge, overwhelm or condone whomever you believe this being to be, however we would state that there are many entities that your current realm are opening up to. This you already know. As you wish, use the terminology of your choosing. Creator, Universe, Chosen One, whichever you wish.

The awakening. This is not something profoundly *external* that '*happens*' to you. Each and every awakening you undergo serves as another piece of the True You 'puzzle' being brought to the table. For many of you, there are plenty of pieces missing. This is where each awakening from God comes into play. Do not expect great things to unfold on their own. You must do the work in order to gain the merit. Do not be lazy or forceful but rather kind & compassionate. Your merit will shine through and the awakenings will happen. The awakening we speak of here is not narrowed to a singular verb, it is but a play on words. An awakening from God refers to your own soul connecting another notch closer to 'home'. Yes, home - that place of inner connectedness that we all possess. The place of pure love and compassion and where there is no separation. Such a place does exist. Use this awakening from God (embedded in these words) to bring forth another notch closer to home. This is the gift of teaching number two."

Ascension Beings: "With warm ascension greetings we welcome you to this new teaching. May each and every one of you be blessed with an awakening from God, or more correctly, many infinite awakenings from God. There are many to be received you know, once you have accumulated the merit to clear away the 'cobwebs'.

Use your time in this precious life to obtain merit (as spoken of in teaching one) in order to create the karmic circumstances for new awakenings to rain down upon you and manifest within you. Step by step, each awakening will lead you home. Home to your truth and home to that place of cherished happiness. This place does exist and it is reachable. Continue your journey dear ones, for many awakenings are ready to come. You are blessed to be under the teachings of Zyon.

Know this and go well."

✿ Teaching 3 - Mindfulness and Meditation:

Zyon: "The teachings of mindfulness especially may be difficult for your worldly mind to fulfil. The nature of the worldly busy mind can lead to frustrations and intoxications of physical pleasure in order to avoid the true nature of your reality. Bringing home the centre of peace and harmony (to the mind) is a very beneficial practice to undertake and one of significant importance as you progress on your ascension joinery. However do not let the mind be fooled by disturbances, for these are merely the egoic mind at play, smothering the will to connect. Mindfulness, being the art of deep connection without disturbances brings into play meditative techniques but also techniques of patience and stillness. Learn these practices early on for they will benefit your long term pathway. Nurture and grow your mindfulness to the point of complete stillness, for this is the aim of the true connection between heart and mind. Stillness and peace.

In meditation, we follow the principles of mindfulness that then lead us into the harmony of our existence. Deep meditation holds many great benefits for the body and the mind and it is here in these arenas that we bring you gift three, the energies of mindfulness and meditation. Deeply engrained in these words are vibrations of harmony to keep you connected on your journey forwards. We offer this gift with love and compassion. May the light of mindfulness always shine upon you and the harmony of meditation be gracefully yours."

The Elders: "Receiving the light of grace we offer you the pathway of deepened mindfulness and meditation, two elements of your complex, yet rewarding journey home. For all the obstacles and barriers that exist in your earthly and physical realm, there is a mindfulness and meditative approach to help intrinsically heal these. Mindfulness leads one to not be 'caught up' in the play of life at that time. Meditation helps one to deepen one's connection and grow one's soul further toward the kingdom of peace. Using both practices will serve you well and can be an art of existence.

Through your truths and inner awakenings (awakenings from God) may you propel yourself on this journey home, by releasing all obstacles in the meditative and mindfulness areas. With this said, it is done. Enjoy the gift of teaching number three."

✿ Teaching 4 - Abundance & Fruitfulness for All:

Zyon: "The gift of abundance.

We welcome you here to Zyon teaching number four.

What is it that makes the thought of abundance so alluring to the egoic mind? We seek the gift of all things great so that we may have an abundant life, yet we are perhaps seeking abundance in the wrong area. What should we be truly abundantly grateful for? Where should we turn our focus of abundance to? The answer is always for the benefit of all. When we request abundance (pray for it, ask for it) we must always ensure that we are seeking it for merit-gaining achievements or better still, for fully altruistic intentions.

The art of abundance and fruitfulness comes to those who are patiently ready to put themselves 'last' in the grand scheme of things. Those who seek to be placed first, or prioritised do not fully understand the concept of abundance (nor altruistic notions either). Using the mindfulness in teaching three we are able to focus the direction of our intention for abundance to be for the blessed benefit of all.

Seek this always and you shall become fruitful in your ways.

Know this and trust in the Universal Law Of Abundance.

Being fruitful is not only the meaning of bearing fruit, but is also an underplay of great merit circumstances. For where there is fruit, there has indeed been great work to gain grounding, grow foundational attributes, leaf and blossom before growing and ripening fruit. We all must have patience for this journey for it is not possible to ask a seedling to grow fruit. It must first grow, mature, be completely nourished, be fertilised (helped by others) before the tiniest beginnings of fruit can appear. Through this we understand that an important part of being fruitful is to help others and to receive help ourselves, otherwise no fruit can be born.

Use these blessings embedded in teaching four to regain your true altruistic intention for abundance and to grow and ripen fruit for the merit and happiness of all beings. Leave selfishness behind you and work for the complete consciousness, not just yours alone. May the fruit and abundance ripen on you now. And so it is done."

Crimson Horizon - A Journey Home
"The Cornerstone Of Truth"

Alberquon: "The art of meditation as spoken of earlier, brings us into greater states of being. Greater states of connection, love and truth - and it is from here that our altruistic intention of abundance must blossom from. There is no need to begin the unravelling of past deluded intentions but rather from today, use the energies embedded in teaching four to regain great centring on the abundant intention to benefit all.

Use your abundant intentions and requests to be for the ultimate in seeking great liberation for all beings and the fruitfulness of this abundance shall fall at your feet. There is no better way to forward your own journey than through a firm intention to benefit all. Do this starting now and you shall reap the rewards of your abundant gifts immediately.
Practice and become an abundant, altruistic seeker of light!

With blessings we honour your journey to date. May your Crimson Horizon fall upon you in the most abundant and fruitful ways, for the benefit of all. Go well and we shall continue to watch over you. Your progress is heart warming. Do not underestimate your growth!
With love." ~ Alberquon

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

☀ Teaching 5 - A journey home:

Zyon: "For those with relaxed mind, a journey home is a pleasant place to begin each day. It entails a small piece of connection, bringing into the day an abundance of love, compassion, peace and harmony that can then be radiated out for the benefit of all. Starting the day with deep connection, whether through prayer, healing or meditation can bring the focus and perspective of our true self into self-realisation. From here we blossom our abundant and fruitful intentions for the benefit of all. From here we are mindful. And from here we can continue to seek our journey home.

Beginning our day with great connection awakens us back into our true reality and helps us to maintain this for longer and longer periods of time the more we connect. Why not try it so? Give yourself the time each day to connect into your 'home', your truth, your being. And from here light the skies of darkness with your radiance and compassion. The direction you obtain from this simple connection will hold you steadfast throughout each day to keep going. To keep your faith in what you are doing and where you are going. Stay rooted firmly in your intention to journey home for the benefit of all. Practice this regularly and you shall be rewarded.

This is the blessing of teaching number five."

The Inmakers: "Welcome dear friends and wondrous beings to this fifth teaching in foundational aspects for journeying home. Through each of these five teachings to date you have been given a clear and direct pathway of stepping stones to reaching the ultimate oneness. With love we are happy and grateful that you have achieved these teachings to date, for they are of great energetic abundance and you shall indeed receive many blessings for this pathway.

A journey home is always a great pleasure and one you will begin to seek more and more often. For as your connection strengthens, you will need to 'tune in' more frequently to obtain and maintain your direction. Do not be swayed by those influences around you, but rather be mindful and help to create an abundance of energy flow into your plight. Each journey home will strengthen you and your intention so please do continue to take the time to connect in each day. Whether it be through your practices, sitting in nature or other quiet reflection time, this important connecting time is a sure-fast way of strengthening your resolve to reach home for the benefit of all. May your plight of frequent connection be. And so it is."

✿ Teaching 6 - Death and Energy Awakening:

Zyon: "Dearest students, we broach now the topic of death and the transmutation into new life, that of new understanding. For in order to break into new understandings, we must firstly go through a death or final dismissal of old understandings, consciousnesses and awarenesses. The element of death can sometimes be of great release however often, we feel the loss and pain associated with losing this part of us. At that time, it feels very real to lose or 'kill off' a part of us that has for now, for so long, served us on our pathway.

However the pathway to freedom is all a continued cycle of death and birth; death of the old in order to bring about the new. New understandings and equilibriums are engrained in these energies and with these, you shall be helped to release the pain of this regular cycle. Instead, the cycle shall be greased with love and you will feel a renewed peace when it comes to the death cycle of the old.

The beautiful gift that death provides us of course is new life. For at the impairment of one's own fortitude, one shall seek new understandings and truths. These are the new energy awakenings and shall grow great merit in the consciousness for the benefit of all. Out with the old and in with the new! Use these energy awakenings as a positive outcome from the death of the old in order to sustain the turning wheel that leads you home. Keep going - through death and awakenings we shall grow and blossom! For one and for all we seek great heart encapsulation in the spirit of one-ness. Be free and enjoy the ride to salvation."

Plateau 919: "After all the embellishments of a promised new life, one must always remain constant and calm in the knowing of their true pathway. Through this pathway parameter one is guided upwards and onwards, through the cycles of death and new awakenings in order to fulfil one's purpose. By reaching states of death, we can be sure that the manifestation of the correct energies has been in play, for if you have expansively done the work, then you shall willingly outgrow the old and here it dies. A beautiful death of old becomes a ray of radiant and brilliant light, shining through the heart for one and for all.

Do not be alarmed by the death of what you once believed in, held true or even considered to be your life plan. For these are all to change when you surrender and 'turn the dial' to home. The homeward journey shall serve you well and these teachings will aid your plight. May the energies in teaching six help relinquish the pain associated with old death and may your illuminating new awakenings be fortuitously for the benefit of the infinite all. Go well with love my friends. Blessings always."

✿ Teaching 7 - The Afterlife & Parameters:

Zyon: "Death and the afterlife are by no means great features of interest in the day to day life of an Earth being. However it is duly important to understand their role in your reincarnation. For it is the process of reincarnation that brings you into your Earthly body and in which you are able to 'reside' in order to do your work and follow your purpose.

For all accounts the afterlife is a necessary pre-cursor to birth and a functional post-death 'stopover'. However many overestimate the significance of this time period post-death and pre-birth. Time in this frame is short (in relation) and the ability to carry out tasks of gaining merit and working for the infinite benefit of all are limited. Therefore we return to teaching one to remember the importance of the precious life.

For many there is indeed great suffering in the human incarnation and many also wish to leave before their time. However this is a travesty when considering how difficult it is to reach a human rebirth in the first instance. We do however understand the wish for escape and would encourage you to be brave and continue your work limitlessly for the benefit of all. Threatening behaviours leading to impoverishment are by no means satisfactory; simply return your focus always to the greater good of all.

In addition, there is also no need to 'ponder' the afterlife for when you arrive you will have time to do this. Whilst on the Earth plane, keep your focus simply and tightly on doing everything you can in order to benefit all, infinitely.

We have now spoken enough. With infinite blessings." ~ Zyon

Crimson Horizon - A Journey Home
"The Cornerstone Of Truth"

The Greetings: "Welcome dear children.

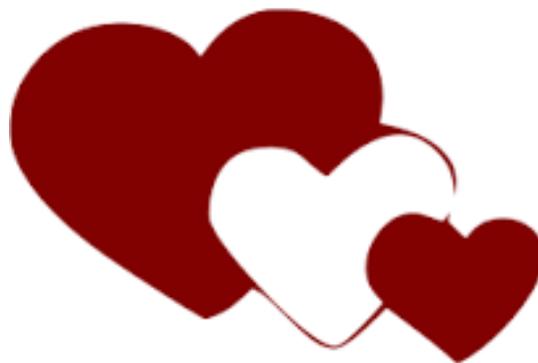

We do not wish to scare you with the topic of dying and the afterlife however we do find it important that you do not succumb to practices of shifting focus to 'what may be' (in the afterlife). Whilst you are bravely here on the Earth, please accelerate your pathway to light by remaining focused on your goal of liberation for all.

Anything outside this focus should be kept to a minimum or eliminated as it is only distraction from your true purpose. Do not be alarmed at the clarity of our words for we simply wish to engage you fully in your pathway 'home' for the benefit of all.

There are a great many wonders of the afterlife in the curious human mind however we are here to reassure you that all is taken care of. There is no need to worry or ponder. Here at teaching seven we offer you the gift of liberation. Liberation from external thoughts and modes of thinking that do not lie focus to your primary important journey.

May the blessings of teaching seven keep you focused on your Earthly precious life and how you may continue your focus on gaining merit and benefitting all.

With love we wish you blessings of competence, focus and acceleration for your pathway.
These are the gifts of teaching seven."

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

✿ Teaching 8 - No Man's Land:

Zyon: "No Man's Land refers to the space of wasted-ness. It is equal to a complete void where nothing exists and where no great things become. This is the space of day-dreaming, unfocused intentions, catastrophic procrastination and the like. Are you catching the drift?"

We again return to teaching seven where we expand on the idea of focus and that all is best focused on the intention on benefitting all and on gaining karmic merit in order to do so. Time wasting, however you wish to do this, on acts such as unhelpful television (zoning out), excessive consumption of anything, relentless arguing or over-sleeping sucks the very precious time you have on this Earth to perform merit gaining actions and to accelerate yourself towards the golden light of liberation.

Do not be fooled into the egoic mind's tricks of alluring you into No-Man's land, for it has become quite adept at doing it and keeping you there at it's will. Instead, perform actions of loving kindness for others.....or help out in some way. Anything to ensure that you are not frivolously throwing potential merit gaining time in the dust-bin.
Quite literally.

We do not here wish to be barbaric and remove ALL No-Man's land activities from your day, however what we do ask for is that you are mindful of them, and the time that they draw. Count the positives of every second or minute that you pull yourself back onto the path for all.
For every nano-microtismal milli second on the focused path is worth hours of loitered mind wandering or escapism.

The teaching number eight enables us to remain our focus for longer on the tasks at hand, those under the overall big picture of liberation of all. And with this teaching comes the blessing of focus. A small word with large dimensional outputs.
Remain in focus for the benefit of all."

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Nannyron: "Focus plays a large role in our determination for reaching our goal at hand. It leads us to believe in what we are doing and helps us to accelerate our way there, even when the going is tough. Remaining in focused territory is a functional and highly out-put intensive category on the pathway to liberation. Use it and you shall benefit.

No-Man's land serves no purpose other than to distract you from fulfilling your true purpose. See it as this and refrain from entering it's sticky grasp. By being akin to it's alluring draw-cards, you have the best aid in repelling it's luxurious draw (pull). Simply be mindful of your time, both focused and not and try to improve this as you excel on your pathway. For the more time spent in determined and loving focus, the more rewards that are brought forward for the benefit of all.

Go well with the blessing and encryption of energies in teaching number eight. We shall be helping you to hone your energetic frequency of focus to the Master pathway of returning home, for the infinite benefit of all.

And the blessing of wisdom also comes here too.
The wisdom to see time-wasting for what it is and to reduce the allure.
We trust you are happy with this added bonus.

Go well and remain focused!"

Crimson Horizon - A Journey Home
"The Cornerstone Of Truth"

✿ Teaching 9 - A depth of Perception:

Zyon: "Underneath all of the expanse of the human ego; its distractions, its limitations and its selfishness, lies the true path to enlightenment. Buried under all of the ego-clinging ways, ego induced sufferings and pains, a depth of perception that only the soul can remain focused upon is there, waiting to be uncovered for the truth journey home.

Remembering that perception is always subjective, there are of course more ways to look at this than one. But by knowing and remembering that the heart and soul space contain the depth of perception required in order to find their way home, is of great benefit for your pathway forward. Allow yourself to go there, to that place of great and deep perception in order to reconnect with your direction, your truth understanding and your purpose. And yes, perception is subjective however in this instance, the perception that your heart holds is the key to your reality and is not subject to other's interpretations. For only you can know the truth of your own being.

The gift here at teaching number nine is the ability to channel into a depth of perception when you require it. The energies in this teaching shall bring more perception 'to the table' for you to play in your hand of cards (so to speak). It is now so that your truth perception is no longer buried as deeply as it once was and this is of Master benefit to the liberation pathway.

Do not dwell on the secrecies that lie behind the ego, but rather go straight for the depth of perception that only the soul has. How does it see the reality of what you are doing?
How does it perceive the loving kindness actions you are taking part in?

Allow your true perception of things to come to the surface instead of being hidden and buried behind ego. You shall see more clearly now.

This is the gift of teaching number 9."

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Rammathon: "Here at the ninth teaching we welcome you dear ones. We are delighted to see that your energetic frequency has already undergone great changes from only the first handful of teachings to date. There are many more of both to come.

A depth of perception is of great aid to those journeying home. It allows us to be of comfort in our own perspectives when we are assured that these perspectives are not tainted by ego, but rather come from a pure heart and soul source.

They give us depth to see things for what they truly are and help us to look squarely at the pathway and obstacles on it. A depth of perception will continue to be of great use as you walk forward and shall also continue to develop as you learn further and further to tune into it. With this teaching number nine we offer you this gift.

May you tune into your own depth of perception without the chaos caused by ego, in order to free the mind and body from suffering and to help grease the wheel that turns the pathway to home. May your light of perception grace all those you meet and may it reflect on others for the infinite benefit of all.

Go well and use your depth of perception to conquer all obstacles with loving kindness. That is all."

✿ Teaching 10 - Repetition Of Prayer:

Zyon: "Formally we greet you to the next set of teachings in the Zyon Pathway To Light. You have accomplished much already by walking on the pathway of the first nine teachings and here in the next chapter of elements we step up into continued teachings for the absolute and infinite benefit of all.

Beginning our pathway in this second chapter is the topic of prayer. Prayer you ask? Well at this time we can assure you that there is certainly, most certainly not enough of it on your Earth plane. Greed, ego, anger and ignorance have led your Earthly realm to be conceded in sticky and intangible forms of debris that cause, well, no less than a 'sludgy' existence. Please do not take offence to these words for we do intend no harm by them, we are simply trying to portray the outcome of poor faith in prayer.

For many years your planet has been undergoing a great many earthly changes and the inhabitants have been lagging in their co-operation. This is a tremendously sad existence and one which we are hoping and aiming to change through the gift of prayer.

Here at teaching number ten, we offer you the gift of reinstalled faith in prayer. The ability and capability and clarity to speak from your heart and pray.

Praying is a great manifestation of energies for which you should not underplay the effectiveness of. No matter how you do it and who you do it to, your energies and intentions of loving kindness through prayer manifest change. And this is a part of the pathway home, for one and for all. May we suggest in addition that you always expand your intention of prayer for the absolute and infinite benefit of all? For this will indeed manifest more energies and at a greater rate of speed than praying for oneself.

Go with the gift of prayer and maintain a routine of this. It is now so.
Blessings of prayer are upon you."

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Bergamon: "The art of prayer is indeed a great gift to master and we are delighted that you have exceeded our expectations in reaching teaching number ten with great acceleration.

Your energies are changing rapidly and with this, so too will the determination and commitment of prayer become allies. For one and for all we ask for the importance of prayer to be understood, and not limited by small intentions or beliefs. Expand your prayer and create no limits for the expansive loving energies to generate. Expand your prayers and answers and guidance will come. Expand your prayers from a depth of perception coming only from the heart and soul space and you shall be rewarded with light.

Go well with the lightened pathway of prayer and speak your truth.

Bring light into all areas you pray for and manifest great abundance through prayer, by lighting the intention to benefit all and to bring them all home to liberation. For a world without prayer creates great suffering and a world with prayer alleviates great suffering.

Pray strongly and steadfastly and may the light of prayer be upon you for the benefit of all."

✿ Teaching 11 - Solitude & Gratitude:

Zyon: "Welcome to auspicious teaching eleven. Here we dwell on two topics, those of solitude and gratitude. Firstly, solitude? Being in the brain of the human mind, we find that it simply has a nurturing frequency that requires human contact. Here it opens us up to a world of needing-ness, unhealthy connections and suffering through the need or desire to be with others. This need has its roots buried in the egoic consciousness where each and every one of us is believed to be separate and therefore tries to fill this space of disconnection with need and desire. The teaching here is that of course, we are not all separate, however in order to fully assimilate this energetic frequency one must be well ascended. Therefore in the interim, we bring you the first gift of this precious teaching. That it is ok and indeed well worth it to spend time in solitude. Here, whilst in this space of solitude, we can connect deeply to new layers of hurts and very deep wounds that require healing, thus advancing us forward on our journey. Solitude itself brings out wounds that require healing, simply by not appeasing the egoic need to be clinging to others. This is in good interests for all.

Secondly we bring forth the topic of gratitude, an incredibly underestimated phenomena of which many chose to leave behind. Why so? Please here understand the extreme intelligence, wisdom and great compassion in being grateful. It lights the sky with brilliant effervescence when you use it! Expand your gratefulness further and further each day until there is nothing left but gratefulness in the mind!

This is a wonderful concept to dwell on. So here at the teaching number eleven we wish you, and bless you with, the great honour of humble gratefulness. May you use it and expand on it well."

Waiybee: "Welcome dear ones. Important topics here at gateway eleven.....Remember to use your solitude time for the benefit of all. Expand your intention and set it wisely to harness and empower its energies for the benefit of accelerating you on your pathway. Bring love into the equation and you shall find solitude a place of great merit. May you continue to open to the great healing in solitude. So be it. You are blessed in gateway eleven to believe in the power of solitude.

Furthermore, on the topic of gratitude, we find your earthly realm to be deeply lacking in this merit-gaining ability. Simply choose to use it and you shall be awakened further and more deeply. Great merit indeed comes from being grateful. Use the gift embedded in these energies to expand your gratefulness for the infinite benefit of liberating all. Walk wisely on your pathway to liberation."

✿ Teaching 12 - Humbleness and Eloquence:

Zyon: "The very nature of the human egoic mind leads us far from humbleness and eloquence. It lays its roots in egoic clinging, suffering and poignant underlying tones of mistrust and ignorance. It is therefore of great healing ability for one's mind to enter into the kingdom of humbleness with eloquence. Revolving around all the parameters of the conscious mind, the mind struggles to speak and act freely and it is here that humbleness and grace can build the fortitude required for freedom of heart.

Notwithstanding the tests of time, humbleness is a great and wise state of being, for it is the almost complete opposite of what the ego seeks. Use humbleness and grace to enshroud the ego and it shall soon whimper home, each time reducing its grip on the heart's truth.

When using the gift of humbleness and eloquence in teaching number twelve, remember to have patience. For being humble means not being first in line, but rather, with compassion, it means to be faithfully last. Do not bring the great ego to rise by requesting great honours or payments or even for deriving recognition, simply bring humbleness to the table and allow it to benefit all.

Use your existing eloquence and build upon this great gift, for we all do have it, some buried deeper than others. Eloquence offers us the gift of grace, of manners, of heart-filled charm & love and lights our being with compassion. Use the gifts of humbleness and eloquence in gateway twelve to resolve egoic issues for the benefit of all."

Blemshon: "Without a doubt, great things come from humbleness, eloquence and the wisdom behind these states of being. Trust in your ability to create these beautiful happiness-es within you and to then share these gifts of light with all. For wherever you shall go, these gifts will always bring love to the table.

Allow yourself the full contentment to soak up the energies of these teachings here at gateway twelve. For they shall continue to manifest and grow long after you have walked through this doorway. May eloquence, grace, wisdom and humbleness always be upon you, to intrinsically muffle the murmur of the ego. Use with heart and mind for the betterment of all and go with grace on your journey home. We trust that you are sufficiently blessed with these energies now. And so it has been done. With grace."

✿ Teaching 13 - The Resting Phase:

Zyon: "Welcome and thank you for your patience. Here at teaching thirteen we have reached the resting phase. At this point in your Crimson journey you have awakened and stirred many new energies, and due to this, teaching thirteen is indeed a resting phase. Here you will rest for the three day period, allowing the energies to integrate and merge fully into your being. This is a time of rest - absolutely.

Please be patient with your resting time for there are a number of great energies to assimilate but also a number of great energies to prepare for. There are many more higher and higher frequencies still to come and you shall here, at teaching thirteen, be given the blessing to receive the further energies to come. Let there be no doubt in your mind that at this point you are on the blessed pathway to liberation - and to the liberation for all.

We have not much else to address you with here, as the energies will simply and compoundedly do there work over your three day rest period. Enjoy the time out and rest the body for much great healing and awakening is still to come.

Be blessed with the faith to continue. Always."

~Zyon

Blessing: "With great blessings we welcome you to the resting phase. It is indeed what it seems, a great point to rest after receiving such wholesome and well rounded energies to begin your Crimson pathway with. However here, please also know that this resting phase is in order to allow the energies received to date to bind and form a great platform on which the next teachings will follow. Here at the introductory phase this is most important as the step up into Crimson Horizon from Blue Light is large and perhaps overwhelming.

Your gift here at the resting phase is a coordination of energies, binding and merging in order to form the foundation for the next levels of teachings.

Rest well dear ones, you have deserved it and you will require it for the next joinery.
Go well and with light."

✿ Teaching 14 - Semi-Permanence & Impermanence:

Zyon: "Greetings and welcome to the revised teaching at gateway fourteen - that of impermanence. It is here that we shall undergo great transformations energetically by allowing our bodies to become fully immersed in the energy of impermanence. The energies here at this level are indeed of great paramount ability and shall be left as such whilst we meander further down the road to one-ness.

For here there is only one gateway to pass through and that is the gateway of the truth of impermanence.

You shall see from our words that here we will be experiencing more energetic uplift than previously, for the topic of impermanence is not one to be simply understood by the mind, but rather from the heart.

For in our mind we understand the concept of impermanence, that everything shall have an ending, however in our heart, this concept is less so secure.

Our gift at teaching fourteen is the fundamental freedom of being fully immersed in the energies of impermanence. Why you ask? Well this mere understanding, just in itself, is enough to liberate eons of suffering from within your heart stream. For many lifetimes we have each carried sufferings due to impermanence and our attachment to semi-permanence - the ability for one's own mind to believe that some things may in fact be something other than impermanent. For example for many great lives there have lived many great Kings who have believed in semi-permanence. That if they were to build a great temple or army or empire that they could take this with them to the other side. But sadly, no. Here this example shows the suffering in the mind (and the physical reality) due to an attachment to a belief in semi-permanence.

Overall, we should here at this level of ascension be asking ourselves questions about what impermanence means to us, and how it has affected (or is affecting) our life so far. What great sufferings or burdens are you carrying due to trying to manufacture a form of permanence in your life?

Thankfully, the beautiful yet demanding energies at this level of teaching will help you to uncover these un-realities and release them to the infinite ether. Go well on your journey to uncovering the myth of permanence and allow yourself to be free. Free in the complete heart-felt understanding of impermanence."

~ Zyon

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Bygonns: "As all things are indeed impermanent, then please dear ones, do not carry your burdens with you. The gift here at gateway fourteen is to remind you of the great impermanence of this life and of all things within it. Do not harbour or bring with you the pains and sufferings from the past. Simply allow them to be released and healed through the impermanent notion of time.

Like all things, one must let them go at some point. Forgiveness, understandings, teachings, hurts, relationships, burdens. All must eventually be released in order to cross onto the bridge to home.

Believe in impermanence in the sense that nothing lasts forever and that even great memories will fade with time. Allow them to do so and do not attach your worldly merit to things gone by. Allow the release and surrender of all things impermanent, for there is nothing to hold on to. Once we release all things impermanent, we come to the realisation that love is the only light to lead us home. For when we hold no torch or compass, our truest essence develops.

That of love and great and deep compassion. Remember this.

The article of semi-permanence we find to be a little overwhelming and of little significance to your journey right now, therefore we shall underpin it with love and release it. Semi-permanence is simply an egoic concept where the mind appears to build things it thinks will last forever, however sadly this is not so. Many things stand a great test of time however many things do not. Do not be fooled into the artificial 'intelligence' of semi-permanence, for there is no such thing.

With love we wish you many blessings at this precious gateway fourteen and trust that you will open your energetic frequency to the full and deepened understanding of impermanence.

May the light guide you home to freedom, for one and for all, through a developed deep and compassionate 'knowing' of impermanence.

Go well and trust."

✿ Teaching 15 - A Realm Of Equality:

Zyon: "Bringing home the truth of all matters we find ourselves deeply immersed in the teaching at gateway fifteen, a realm of equality. For all beings who enter this human life cycle, there becomes many judgements, biases and a great other multitude of separations that the mind can conjure up, in order to keep us all separate and within separate compartments. Whether those compartments be colour, race, age, country, gender etc, the human ego has become so well equipped at spontaneously 'plopping' people into specific categories or boxes in order to make a hierarchical society. But unfortunately for one and all, this separation and need for hierarchy creates continuous suffering and pain, as we separate and separate and then re-separate over and over again.
And for what reason? To allow the ego to stay in complete control.

Here at gateway fifteen we open instead to the truth of equality. A sensitive yet deeply efficient grain of energies that are inhaled and exhaled through every cell of the human being, once installed. The gift therefore here at teaching fifteen is to remove the old inequalities and energies sitting between separation, in order to bring in the reinforced realm of equality.

Here your energy system will undergo a great many purgings (of old consciousness associations) in order to make way for the neat and brilliant realm of equality. For here, in the realm of equality, we treat all beings as equal. There is no disharmony from conflict arriving from separation of any sorts. This is deeply important as we move forward on our pathway to one-ness. For how can we all be one (Maitri) when there are so many layers of separation.

Time and time again throughout the history of mankind we have forced our means of separation to create power, wealth and other unsightly deeds of ego. Decades of slavery, domination, monetary control, resource control and restriction to name but a few, have caused the diminish of the one-society, the community of loving kindness. Here at teaching fifteen we aim to unravel these inbuilt darkneses and release them to the light, so that the realm of equality can be fully installed and shared within your beautiful consciousness. For the benefit of one and all, we seek to install these energies and for the greater good of all it is done.

May these energies of equality bring home your truth of unity and repel all myths of separation, for the gracious new consciousness awaits you. Go well." ~Zyon

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Zarrion: "With love we greet you, small angels of the light, in the hope that we are to offer our services to you here at teaching fifteen. With love we wish you great journey on your pathway to the Crimson Horizon. There are many great beings overseeing your journey and with this comes many great blessings. Here at this level we have indeed been granted several great and timely blessings in order to bring through the truth of equality into your energy system.

For now is the time to uprise the separation gates, tear down the walls of mistrust and unfaith, and embark on a new journey where all are equal and beautifully so.

The opening here at gateway fifteen allows us to dive fully and deeply into old patterns of separation that have arisen in our minds and energies, in order to release them to the pure love zone. Here they will be expelled with light, and the space that these previously occupied will be prepared for new light - the light of equality. Once this step is completed, the new energies from Guides Arrion, Gwelpaccmion and Enterron will come forth to bring the many blessings of teaching fifteen to light. Here you will undergo a series of sufferings (in order to release) and then a great new birth of light and equality shall rain down upon you.

Take this gift with great compassion and gratefulness and then share it will all.

For every small step of equality is one less step of division.

And every small step of equality builds us closer to a more connected consciousness than ever before.

We wish this deeply for your realm as it is so required.

With love, receive these gifts for the benefit of all.

May equality and one-ness rain upon all."

✿ **Teaching 16 - Blissfulness without attachment:**

Zyon: "Welcome to gateway sixteen, through which we embark on a new dimensional journey of understanding deeper layers of blissfulness. Here we uncover the truths behind true blissfulness, not accumulated through material or physical objects and obsessions, but rather through a deep heart-felt sense of purity, without the need for attachment...."

Firstly, let us begin with attachment, the 'evil' that has become so mainstream in your earthly society that it is now second nature to want and want and consume and consume. There is little here to do with benefitting all, but rather a more mass perspective of untruths and bitter flavours about needing 'things' to be happy. This great fallacy has rocked the very presence of the Earthly world for some time and is exponentially exploding greed and dis-satisfaction through every layer of people.

We are deeply saddened by this and wish to remain un-judgemental and un-biased about this phenomena, however we do send our deep love and concern for the wellbeing of the collective consciousness, through which all energies flow. For here at this deep level, we un-rope the ties binding attachment and discover a new level of happiness or blissfulness if you will, that has currently eluded your Earth beings.

Here at gateway sixteen we dwell deeply on the commitment required from those of you who have reached this platform and we send our immense and heartened blessings, for the changes begin with each of you and in order to change this consciousness into a love-bearing one, we require your assistance. And for this we are grateful.

The gift at this gateway brings us great pleasure to offer and manifest and that is the gift of the 'little things'; those tiny pieces of hope, faith and trust that help us to build a consciousness where attachment is no longer required.

May you go with great light and fulfil the need for love and happiness without attachment and it's pains and sorrows. And then may you share your joy with all. Go well."

Assimion: "Small earth angels we greet you in this timely manner, to help you through gateway sixteen with love and great cherishment. We trust that your journey to date has been uncovering many wounds and deepened layers of healing in order to help you ascend to the light.

With great loving frequency we wish you the very best of all the energies here at gateway sixteen, helping to remove the barriers that have been in place causing disharmony and dissatisfaction in your lives. Now at this present time great energies are swelling within and the demons of the past are being forced to the surface for clearing. These are the inner darkneses that have kept you bound in attachment for so long; that have strangled the very being from within you.

Here we offer you these wonderful blessings at teaching sixteen to remove these inner darkneses, bring them into the light - in order to fully maintain a consciousness without attachment and the craving desire it heralds. With love we do wish you many blessings here at this level, but most essentially we offer the gift of love. Love that brings happiness and blissfulness without desire.

A precious love.

And here it is so. We offer these gifts at teaching sixteen with great enthusiasm and warmth.

May your path to liberation be lit with bliss and happiness and may you
pass these energies onto all.

Blessings be."

Teaching 17 - The Element Of Desire:

Zyon: "Throughout each of the teachings and elements so far on your journey, you have crossed the bridge of desire many times, opening to the challenges and sufferings that the strong human desire yields.

Through the pain of desire we attract and accumulate great karmic debt, by soliciting our time and precious energy to it's wrathful grip. Without understanding, the element of desire can leave us in complete illusion, both momentarily as well as indefinitely. For the more we desire, the greater our suffering.

By opening to the energies in teaching seventeen, we encompass a great and vast array of new frequencies. Many of which you have indeed received before however in smaller doses. In this way, teaching seventeen is similar to a vaccination; at first we gave the initial doses of energies so that your energy body would respond and understand, but not be overloaded.

Now at this level we initiate the final dose of energies, where your body will be fully and completely engulfed with the element of desire and from which your energetic balance will assimilate a new status quo - that of a higher frequency of light whereby desire is no longer adjudicated.

Please use your energy during this time to calm and restore great grounds for these new energies to blossom from. You have done the hard work and now is the time to reach the blossoming stage; a fully advanced system of energies capable of intrinsic cellular repair at the deepest level.

Your healing to date has been significant and we wish you to know that your commitment is not going unnoticed. From all of us here please find your salvation in the hope of freedom - freedom from suffering and a liberation from the element of desire.

Go well." ~ Zyon

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Xiamonch: "Greetings Earthlings. With great unfoldment we wish to welcome you here to this next level of teaching. Without your accelerated journey to date you would not have yet reached this beautiful plateau and for this we congratulate you on your stages of evolution.

Here at gateway seventeen we ask you to unravel further the addiction gene; at its base level the desire to cover wounds and great pains with addictive desires and behaviours.

Throughout these teachings we have seen your development unfold and we are truly honoured to be a part of your great journey of evolution. Let us be here to help you with this small, yet giant step for yourself and your humanity. For each and every piece of desire that is rebutted, released and surrendered is a win for the evolution of your soul and that of the collective soul consciousness also.

Know that the energies here at gateway seventeen are moving and re-moving old karmic circumstances to reveal great wounds as they are now ready to be healed. Use 'the element of desire' energies to bring forth great changes within you at this gateway, for you are now being given the opportunity to heal those festering capsules of self hatred, greed, desirous want and addiction at the deepest levels.

With the blessings of The Great Ones it is so.

Be blessed with all the nature of love and compassion as you dwell further on opening and releasing. May your element of desire be eliminated for the infinite benefit of all and may you release all attachments to the desire also.

Goodbye to them now and forever!

With love." ~ Xiamonch

✿ Teaching 18 - One For All; Unity:

Zyon: "Beholding all of the truths to date, you are undergoing great transformational change at this point in your evolution. Here at teaching eighteen we open and uncover the depths of unity not yet released within you. As always the one-ness associated with unity is of utmost importance here at this level of existence and as you progress higher and higher, it will become the pure and true foundation for your entire existence and being.

At teaching eighteen we open the gateway to a new depth of unity and a greater and more tremendous understanding of what lies beyond the selfish ego. Without wavering doubt, we reach a point of complete annihilation as we say goodbye to the hierarchal mind and its egoic content causing separation.

Once and for all we clear these barriers and release them
to the ether for the greatest good of all.

Here at this level there are always challenges that the egoic mind will play on, resulting in fear and anxieties being pushed to the surface to cover wounds both old and new. Here the teachings and energies work in conjunction with the energies at teaching seventeen as we open and unfold those deep addictive energies covering the wounds to bring about a new reality of unity. For as the ego and its anxieties and fears are released, this makes way for the beautiful blossoming of a profound new one-ness consciousness.

This in itself is a great and momentous occasion and here we offer you great congratulations.

Go well on your deepened journey to one-ness and do not allow the egoic mind to hinder the expression of the new unity. Release all the old patterns and plays that the ego has developed in order to hide the depth of unity that is truly you.

With light." ~ Zyon

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Ramon: "With warm delight and grace from the Beings here at Cosmol 9, we are delighted to bring you aboard the energies at gateway and teaching eighteen, that being the highly rewarding frequencies of one-ness and the Great Love Consciousness.

After many eons of plateaus and wavering, your earthly realm is finally beginning to reach toward the light of unity as a state that it has been long longing for. For deeply buried within each of you is the intrinsic ability to be solely connected to the infinite unity that is one.

With grace we do ask for your patience here at this level for there is much too difficult to explain.

Please simply know that your energies are changing and shifting as the old are removed and new are brought in, bringing about a new level of existence - a new status quo as previously mentioned.

This shift in unity and it's deep understanding brings forth a new dynamic set of frequencies that are to benefit your great Earth and it's inhabitants for much time to come.

Do not be over-illusioned by the egoic concept of unity for what your mind has in play is not at all the concept of this deep and profound transition. Know that great energies rest within this teaching and that you are now ready and prepared to embark on this new transition for the greatest good of all.

With many blessings we open these energies to you now and wish you great success. May one for all become embedded and may you shift into the new state of being with great ease and light. There are many blessings still to come...

Be blessed now and always." ~ Ramon

✿ Teaching 19 - Completion Circuit:

Zyon: "Blessings be to you, countless beings of grace. With great congratulations we welcome you to the Completion Circuit, the ending or epitome of the resonating egoic chapters within your being.

As the completion circuit takes hold, your body will be overrun with passing memories - those both very old and very new. These memories resurfacing aim to bring about great release and great healing so that the completion circuit may take place.

For each of you, the completion circuit will bring different things into your energy field. For some, it will manifest as old traditions coming to the surface to be released; old ways, old habits, old pathways. For others, the completion circuit will bring about a great change in attitude, concealing past darkneses and traumas that have brought about the current states of mind and being. Here you will be asked to release all old sufferings and injustices so that the completion circuit can take course.

Delving deeper into the completion circuit, we can but say this is a paramount point on your journey to light. Many beings have walked along side you to reach this point and many more are still to come. But for now however, you are surely able to reconcile the past in order to complete the circuit of being. The completion circuit enables us to ultimately 'tie up' old loose ends that have been hanging around for some time. It allows us to launch our beautiful selves from the old pathways that have carried us previously, onto the new pathway of love.

For here there are no misdemeanours, simply an opening of truth and light on a new pathway that will serve you well into the forward journey of love.

Bringing loving kindness into one's heart shall always be of the utmost importance on this journey and with the closing or completion of this old circuitry within us, we are now able to fully immerse ourselves in the depth of love that is waiting for us. Bringing ourselves home to the truth of love is a wondrous and exciting occasion for which we are to prepare. May the blessings of teaching nineteen bring you into a new, raw understanding of love and your destiny.

With blessings." ~ Rockrenonn (Zyon 13)

Axxchon: "Fundamentally and with divine truth, we welcome you to the pathway of teaching nineteen. Here at this divine level of flourishing we open ourselves to a more complete understanding of what it is to let go of our previous existence or existences.

Here we are asked to complete the circuitry of our lives to date, so that we can unfold and step into a new blessing phase; a complete new circuit of love and light destined to bring us home to purity. Without confusion, here we step forwards by releasing everything..... all forms of light and dark that have served us to date, that we have outgrown, that we have become attached to.

This is an entirely new chapter or better still, an entirely new book
- a new book of love, faith and evermore.

Although the energies here at teaching nineteen are superficially overwhelming, the inner voice knows it's way home and knows where to go and what to let go of.

Complete your old circuitry by sending it love and releasing all that was.

Here you will be asked to delve deep as many memories may resurface for processing and release. Overall, dear ones please do not overcommit yourself to tractions of the mind, but rather let the heart unfold the actions and memories and traumas to release. Now is the time for complete renunciation of all things that no longer serve you - and be wary of those things you believe still serve you, for the egoic mind can be tricky to contend with!

With much grace and light we are deeply overwhelmed and so incredibly happy that you have reached this section of your journey. For here marks a great unfoldment of a new life - a complete new beginning for which you shall be pleased with. Do not give up now dear ones for the challenges at this point are difficult, yet deeply and profoundly worthwhile. Whilst there are still some energies to release, please be kind to yourself and be extra loving, for the surrender of the old can be painful and emotional but will serve you well. Go well with our gift of immense light and happiness at this gateway and be blessed with the energies of the completion circuit.

Renew yourself and be free." ~ Axxchon

✿ Teaching 20 - Bringing The Earth Back To Harmony:

Zyon: "Greetings earthlings! It is with great pleasure that we welcome you to the next teaching at gateway twenty; being of the earth and its care. Here we welcome you and open you up to the illusions that your earthly realm is undergoing.

Resources and life are not infinite here,
this must be firstly announced. We trust however that you are already aware of this
and we hail for your kind to help to heal this beautiful planet of yours.

Harmony can only be reinstalled when all beings act in great presence with each other.
This means when they are all interacting with loving kindness and respect for one another.
Without all the beings being in unison with one another there is no way for your earth
to revive itself, nor for your humanity to coexist in harmony with all.
This is a most important point.

Harmony on the earth entails great trust in each other and cannot be bought or sold
with monetary assets. Here money takes no form but rather only love in the heart
that can bring about great changes. Another deeply important point.

For without loving kindness there is no way forward for your "anything".

Here at teaching twenty we hope to install the urgent need for rebalance and harmony
to come to fruition on your earth. This rebalancing begins through love and from this
stems all great manifestations of loving kindness for your earth.

Be kind and gentle to each other and allow each other the peace and existence to 'be'.

With love we wish you great fruitfulness here at this important gateway. Be strong, go well
and remain balanced with infinite loving kindness - and all shall be well."

Bychron "Greetings dearest children of the earth. With immense and beautiful love we welcome you to the energies here at teaching twenty, helping the earth to re-reach its harmony again. Without much help, your earth has to date well and truly walked on the path to ultimate destruction, however there is hope. By bringing each of yourselves back into balance you are also able to help return the earth back to harmony as well. For as much loving kindness as there is in the world, there is still room for infinitely more. Here we offer you our hands of light to help yourselves rebalance firstly your state of being and secondly the state of your earth.

For much time now you have already understood that the earth is out of balance and this is being driven by the need for greed and resources. Each one scrambling over the boundaries to find the next 'cashflow' of resource to be sold. This however is not the way forward and we do not need to remind you of the ultimately un-altruistic nature of these intentions.

Here at teaching twenty we open the gate to a new understanding of the essential need to return the earth to her own state of balance and harmony. Urgent action is required and this begins with your own inner heart and understandings. Without doubt, we are sure that your energies here are ready for this new advancement of frequency. With love we are guiding you through gateway twenty with the ultimate aim of rebalance. Trust in yourself and know what is eternally right for you and your earth. Remember that both are in balance with each other and what you do to one, you do to the other.

May all the energies align here within you at this level of teaching for the ultimate benefit of bringing harmony back into your state and that of the earth. Go well earthlings. We love you. Always."

Congratulations!

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

4. IMPORTANT INSIGHTS POST CHAPTER ONE:

The completion of Chapter One - The Crimson Beginning, is an important milestone on your Ascended Pathway journey. Here the energies manifesting were so strong that it was a whole year that passed before Marty and Gerry received the Chapter Two energies. There were a great amount of feelings and purification rising to the surface, questions, uncomfortability and loss of direction during this time. But most noticeably, an underlying feeling of confusion about worldly reality.

So with this, we would now like to explain a little of what went on for Marty and Gerry and their understandings, in the hope that it may be of benefit to you, should you also go through this deeply transitional time at the end of Chapter One.

At the completion of Chapter One and at this point of the Ascended Pathway, both Marty & Gerry were opening up more and more to the idea that the physical world and everything that surrounds us in our daily life is simply an illusion. This is a very important and profound spiritual teaching and is often coupled with the idea that we are living in two different realities at any given time.

The first and perhaps easiest reality that we see around us, is the physical one. This is our physical human body, the chair we sit in, the things that make up our house, each plant, our pets and all the other physical things that surround us in our everyday life.

When viewing this reality, we often experience this with a feeling of being 'separate' from one another i.e. that we are all made up of a different physical 'body'. We can perhaps see that each animate and in-animate object is gifted with its own divinely unique vehicle in which it expresses its own individual consciousness.

So this is the first level of reality that we can very easily see in our daily life - the physical reality or as it is referred to in Buddhist texts, the relative truth. For many people in this world, this is the only reality that they will often see and acknowledge.

For others, those with spiritual or religious preferences, they like to see or acknowledge another reality permeating through the physical. This is an indescribable something, a fundamental reality of the etheric, an energetic one-ness or interconnected-ness or as we sometimes refer to it 'the unified love consciousness'.

We can often experience this 'absolute' or 'ultimate' level of reality as being steeped in love, purity, peace, bliss, compassion, benevolence and most importantly, one-ness. In this reality, there is no such thing as time or space or any form of separation at all; for there is only unity.

For Marty & Gerry, they are sometimes offered tiny glimpses into this beautiful and divine reality so that they can see the illusion or delusions that surround us in the physical world. We are sure that these are but specks of light compared to what is truly beyond the veil however within these tiny glimpses, we are able to further strengthen our belief and faith in this absolute or ultimate reality.

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Reaching Higher States Of Awareness

Having now moved through this same series of ascension based energies & attunements, you will also be likely moving through similar feelings as you approach this higher state of awareness and being. As a part of this then, it is quite natural that you may be feeling and connecting with this new joyous and truly divine reality within yourself in your own divinely unique way.

For example, perhaps you are experiencing this through your own meditative practices or through the healing practices described at each level of this ascension journey? Perhaps you sometimes find yourself in a deep state in peace, profound love or compassion as you go about your day?

Perhaps you are experiencing a new feeling from your practices or in your inner world, a new flavour or taste that brings you towards more understanding about life, why you are here or your divine gift? Perhaps you have moments where you just know, deep with you, that you are divinely perfect, being connected with everything in creation?

All of these types of feelings are truly wonderful signs of your love vibration, your truth vibration and your one-ness vibration growing, expanding and maturing. These kinds of feelings are all signs that you are beginning to awaken to your own divine reality, your inner bliss and your own infinitely loving and inherently divine nature.

And as you continue to progress on this ascended pathway, it is quite natural that you will also start seeing the physical world that surrounds you as an illusory delusion of our own ego. As a very natural by-product of this, it is also very natural that your worldly desires will begin to reduce significantly as your understanding grows about the empty nature of all things; much like the atom being made up of mostly empty space.

All of the 'things' that surround you, such as your house, your car and other such worldly goods start to feel more and more like mere objects as you begin to understand more deeply the concept that things alone will never ever bring you the joys of inner peace, liberation and ultimate happiness.

In other words, by progressing through these teaching and ascension based energies, you might have reached a point where you begin to feel, at a very deep level, that there is something more to this existence, something that is indescribably profound about who you are?

And as you continue to move forwards into these types of understandings, you are very likely to start releasing any underlying attachments to these same worldly objects. And as you do this, quite naturally, you may begin to start wondering what exactly is left in your life?

For once you have released yourself of these illusory / delusionary things in your life - what is actually left?

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

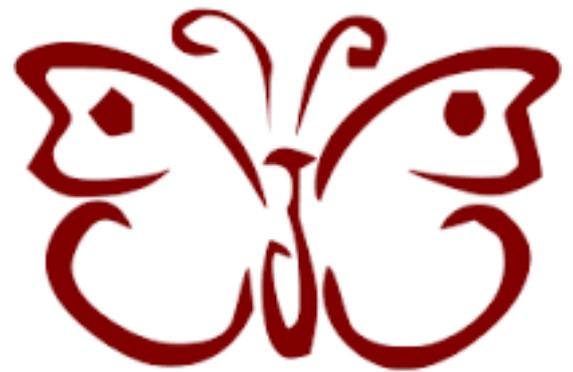

And this is where the Crimson Horizon comes in!

The unique and dynamic frequencies of the Crimson Horizon can help you to navigate your way through this important transformation from a worldly based understanding to a more divine understanding of reality.

Each frequency being introduced here in these teachings will be helping you to let go of the old even more as you open up to a new dimensional understanding of faith, trust and divinity, both in yourself and in your worldly surroundings.

Each step then up until this point has been deliberately small, yet incredibly profound, so that each person can master the ascension staircase, one step at a time. However please do not underestimate the transition that you are currently moving through here in the Crimson Horizon, for it is indeed very large. And most importantly, the Crimson Horizon energies are helping you with this big ascensional step upwards!

As we understand it, the change from a **'worldly'** perspective to more of a **'divine'** perspective is indeed a challenging transition and one which is often accompanied by confusion and at times, desperation. However please know that this is all part of the journey forwards into Higher Consciousness and into an enlightened state of being!

In order to reach a place of purity & love we must first reach a place of **loss** as we release all of the old energies from our life and step more deeply and fully into the new. This can often be accompanied by a deep confusion and despair as we slowly understand deep within our hearts that there is so much more to our existence than just physical things alone.

By releasing the old, we allow these beautiful new and exciting energies into our consciousness and it is like us dropping a heavy suitcase so that we can now float up into a beautiful and divine space; one which can offer us many fruits for all the divine healing work, purification and ascensions that have been completed so far.

Having now reached this point of the Ascended Pathway, the world of ego and untruth is certainly not a part of your divine destiny.

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Through the Chapter One teachings of Master Zyon, you have begun to unfold these new and deepened energies and as a result, this notion of seeing through the illusory world may have already begun arising within you. If so, we would humbly suggest that you please be gentle and loving with yourself as this process continues to unfold within you and of course, the Crimson Horizon energies will be helping you with this transition.

For Marty and Gerry, they experienced feelings of withdrawal from the physical world and the feelings of dissatisfaction with many different aspects of their physical life as they moved towards the end of this first chapter. Of course, we are all very different but we wanted to share this important information with you here to perhaps help you with these sometimes uncomfortable and difficult emotions that may be arising from within.

For Gerry, it often felt like the rug had been pulled out from beneath her. It was like everything she knew previously was fading away and this left nothing for her to 'stand' on or grasp onto anymore. This wasn't a nice feeling at all and especially for her ego as it looked around desperately for an escape or for SOMETHING to grab hold off.

And it was at this point that the Guides came through and explained that we must continue on with the Crimson Horizon energies because "these energies help us to navigate our way home".

Looking back now on the Crimson Horizon energies, having now walked further forwards on the Ascended Pathway, both Marty & Gerry understand just how important the Crimson Horizon energies have been for their journey forwards. These beautiful energies have helped to provide a very important bridge into the higher states of consciousness that are awaiting you in the future!

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

5. YOU HAVE NOW OPENED A TREASURE CHEST - ENJOY!

Having now completed The Crimson Beginning, the Guides have recommended that a resting period of 16 weeks be observed so that this first chapter of the Crimson Horizon can be successfully assimilated within your consciousness. During this time, we would like to share another wonderfully exciting and uplifting Treasure Chest with you here with much love in our hearts.

As with all of our Treasure Chests, these new energies will be helping to enhance your ascension journey as you are guided towards more energetic uplift and internal expansion from within your energy field. At this point of your journey, the Guides wish to introduce you to the energies of The Compassion Ascension. As the name suggests, The Compassion Ascension is a truly profound set of energies that will be helping you to ascend into higher vibrations of compassion as you learn about the importance & significance of these compassionate energies for your continued journey forwards.

Congratulations!

*By reaching this point, you have now unlocked
this beautiful treasure chest which contains
the energies of:*

~ The Compassion Ascension ~

*To access these energies, simply
[download your ebook here](#) and begin!*

The Compassion Ascension energies take around 8 months to receive and so this 4 month resting time here (between Chapter 1 and Chapter 2 of the Crimson Horizon) is the best time to start opening up and receiving these beautiful energies! The Compassion Ascension energies will be offering you the chance to raise your energetic vibration and most importantly, they will be a wonderful and important complement to the energies being received through the later chapters of the Crimson Horizon (and beyond!).

The energies of The Compassion Ascension will help you greatly in the step up into the Crystal Consciousness in A Crystal Ascension Volume V, which can be a bumpy road. And although this may seem a long way away, because The Compassion Ascension takes around 8 months to complete, and the breaks between the ebooks in the Crystal Ascension Series are relatively small, this 4 month period at the end of Chapter One is the best time to begin. (This is also the same point on the pathway that Marty and Gerry received these energies).

We understand that this 16 week resting time will not be enough to *complete* the Compassion Ascension however in Chapter 2 of the Crimson Horizon, the practices consist of one very simple daily meditation for 12 weeks. Therefore, with 16 weeks resting time and then another 12 weeks of 'light practices', this is the perfect time to start receiving The Compassion Ascension energies.

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

Alternatively, if you do not wish to complete these energies now, you will be offered the opportunity again at the end of Purple Priah and also at the end of Green Garden Of Light, however the timing then will not be as optimal as now! Therefore, we would again like to recommend these beautiful Compassion Ascension energies here at this point. We trust that you will enjoy receiving these these new compassion based energies on your continuing journey forwards towards the light.

6. INTRODUCING UNIVERSAL REIKI:

Before each new series of energies can be received (downloaded from Higher Consciousness), it is firstly important for Marty & Gerry to have accumulated enough karmic merit and also for them to undergo the necessary healing & purification. For example, at the completion of Crimson Horizon - Chapter 1, Marty & Gerry needed to wait for around one year before the energies of Chapters 2, 3 and 4 were able to be received.

During this 12 month period, (perhaps as a way for Marty & Gerry to accumulate more karmic merit), the Guides began to download another series of energies, called Universal Reiki. As they brought these through, they explained that these teachings would be made available for those who were already working with Usui Reiki and walking on the Reiki healing pathway.

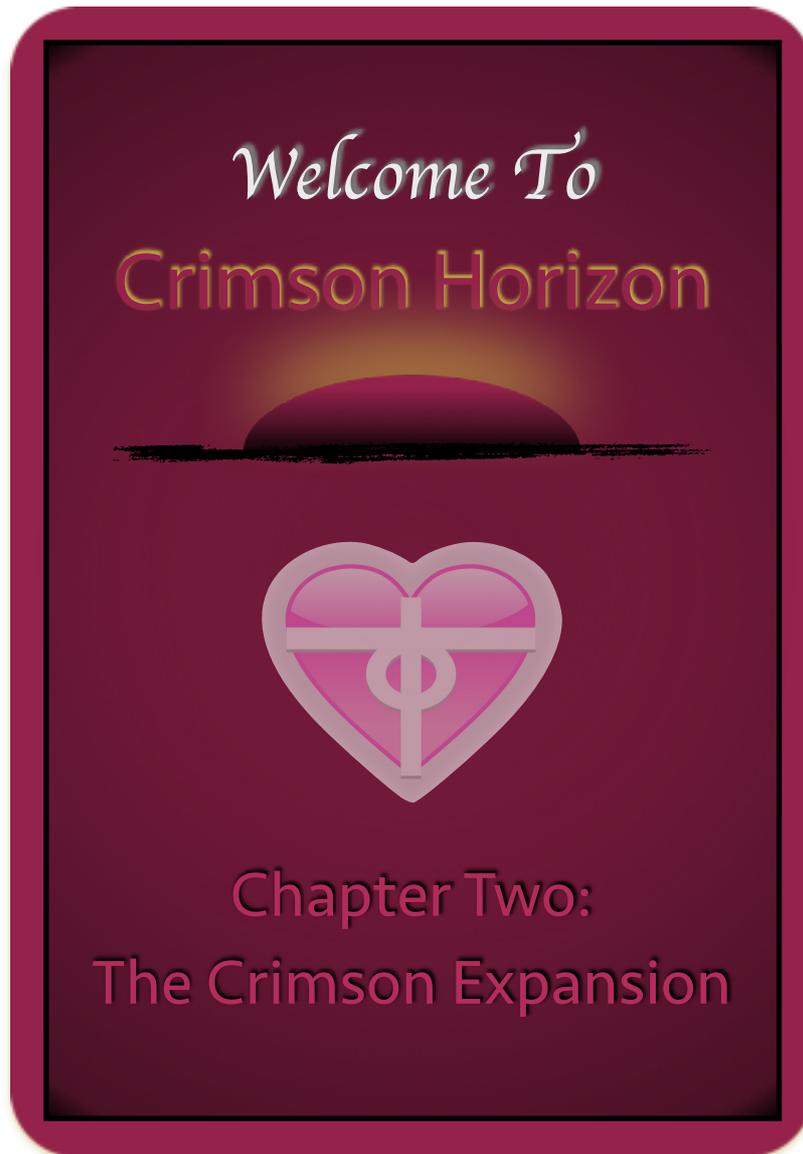

We are very grateful to the Guides for these new teachings & energies because it has become clear that the Love inspiration Ascension Pathway is now helping to bring these beautiful 'higher vibrations' into the worldwide Reiki community as well. Wonderful! With much love in our hearts, we hope that these new Universal Reiki energies and healing practices can help to raise and uplift the collective consciousness even more so that we can all live in a more ascended and awakened state of being!

Having now moved through many ebooks and volumes of ascension passed energies, you will have seen that the Ascension Pathways / Ascended Pathway is the main highway to which you can move into states of 'Higher Consciousness'. You will have seen that Love Inspiration also offers additional teachings and healing systems and you have probably realised that these are perhaps best thought of as being a complement and accompaniment to your Ascension Pathways.

And the Universal Reiki teachings can be thought of in the same way. These energies have been brought through as a way of helping those who are already working with the Usui Reiki healing system and as such, the prerequisites for these courses are based around the Usui Reiki system. Depending on which Universal Reiki energies you would like to receive, the prerequisites are slightly different. So with this, we kindly refer you to our [Universal Reiki](#) webpage for more details about the prerequisites and for more information about the nature and purpose of each of these courses. May the Universal Reiki energies help to bring much love & light to the infinite all!

**** Please note that at this stage of your journey, having completed Chapter One - The Crimson Beginning and having just opened the beautiful 'Compassion Ascension' Treasure Chest, we understand that now may be difficult to start opening up to any additional practices! So for those who prefer to connect with these beautiful Universal Reiki energies at some point in the future, this opportunity will be provided again at the completion of the Purple Priah ebook, where there is a seventeen week rest period.*

Chapter Two: The Crimson Expansion

Welcome to Chapter Two - The Crimson Expansion

WELCOME!

It is with much love & light that we welcome you here to Chapter Two and to another phase of growth, expansion and ascension!

From here on in, the energies of The Crimson Horizon are now becoming quite vast and significant as we continue to expand, learn and grow for the infinite benefit of all.

During this second chapter, we will be introducing a very simple meditative exercise that will be helping you to call on and assimilate The Crimson Expansion energies into your consciousness. It is with much love & gratitude that we again wish to congratulate you on making it this far on your ascension pathway and we hope that you will enjoy The Crimson Expansion!

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

THE CHAPTER TWO PRACTICES:

As we've just mentioned, The Crimson Expansion energies can be received very easily and simply through a daily meditation practice. This practice is to be completed over a period of 12 weeks and as we mentioned in the previous chapter, this period of time may well see you completing and assimilating two sets of energies, namely the Crimson Expansion and the Compassion Ascension. We hope that you will enjoy this wonderful time of expansion and growth and may it help to bring infinite love, ascension and ultimate liberation for all!

To help us introduce the Crimson Expansion energies, let now hear from the Guides who explain the purpose of these new energies for us in a little more detail:

"This expansion provides the gateway for the esteemed 'Horizon Verge' to open. As part of the Crimson Horizon there are many new energies to be submerged in the subconscious, however this is not possible without firstly creating the 'womb' in which the energies can grow. Think of this second chapter as the 'inception of new insights'. Go with love and dwell only on the purest truth."

To receive the Crimson Expansion energies, we kindly ask that you repeat the below meditation practice **twice per day, everyday, for a period of 12 weeks**. We hope you enjoy this beautifully expansive and deeply loving practice for the infinite benefit of all!

Meditative Practice:

- Step 1: Sit cross legged, left leg in front, place the hands (palms facing up) on the knees.
- Step 2: Whilst breathing in, say the words "Of the light" and imagine white light coming into the Third Eye.
- Step 3: Whilst breathing out, say the words "To the light" and imagine white light flowing down the arms and out of the upward facing palms.
[Repeat Steps 2 & 3 three times].
- Step 4: Whilst still sitting, place the hands in prayer position. Say the words "One light" and feel white light radiating out from the centre of the palms. (Like the sun is in the middle of your palms and is shining out everywhere).

For each practice, please sit for a minimum of 10 minutes and if you wish to, you can build up to one hour as you continue to progress through the 12 weeks. If you wish to do the time-extended practice, simply continuously repeat steps 2 - 4 (i.e. breathing in and out three times and then feeling the 'one light' radiating from your palms as you continue to open and receive this beautiful expansive light).

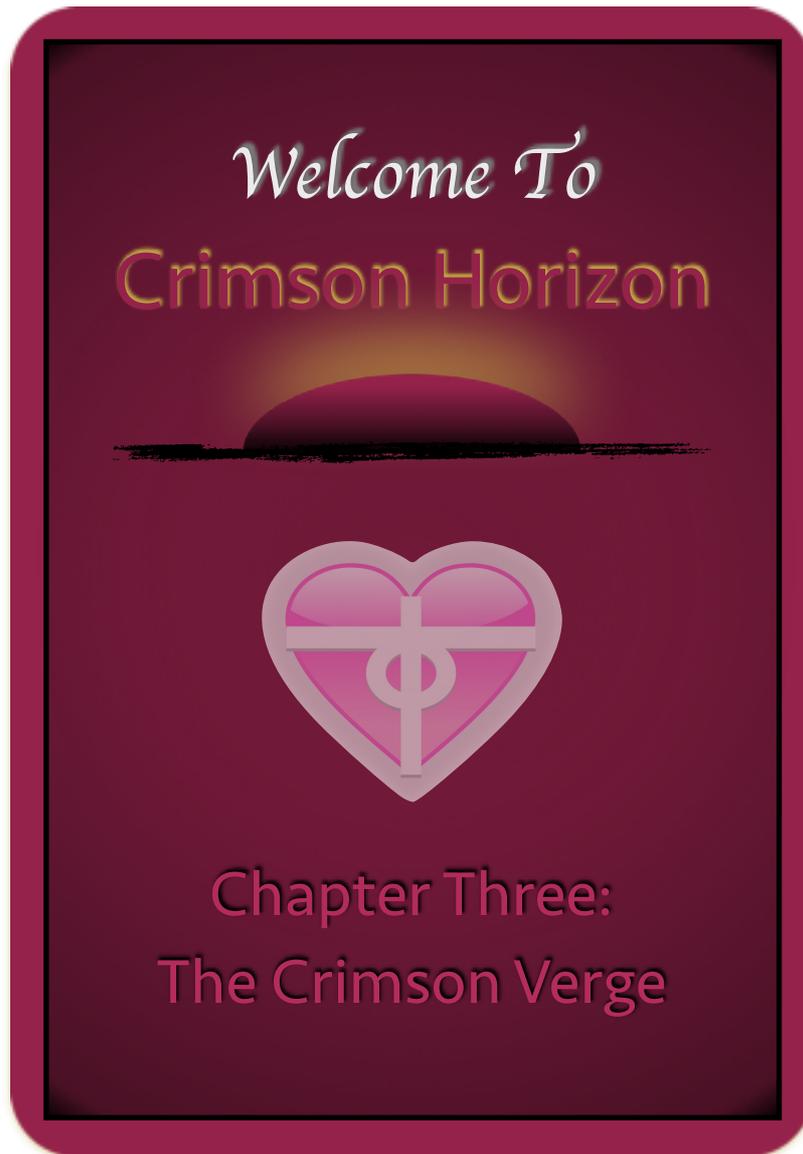

**** If you are unable to sit cross-legged then please sit in whichever position is most comfortable, where you are easily able to place your hands, palms facing up, on your knees. Perhaps you would like to sit in a chair or in another way that is comfortable for you.*

Congratulations!
You have now completed
Chapter Two - The Crimson Expansion!

*** 8 days rest before commencing Chapter Three**

After completing The Crimson Expansion, the Guides have prescribed that you now rest for a minimum of 8 days before commencing Chapter Three.

Chapter Three: The Crimson Verge

Welcome to Chapter Three - The Crimson Verge

WELCOME!

Having now completed The Crimson Beginning and The Crimson Expansion, you are lovingly welcomed here with love to The Crimson Verge. And to help explain the purpose of these very important energies, we will now refer you to the below message that was received by The Crimson Horizon Guides:

“Welcome to the Crimson Verge, the birthplace of the Crimson Horizon. Without further deep explanation please know that these simple Chapter 3 practices are indeed conditioning a new understanding of Eternal Truth. The fundamental difference that mankind has been missing, the ability to distinguish between that of fundamental truth and untruth. Begin this uncovering process through the symbol practices and walk furthermore on the Crimson Truth pathway.”

Chapter Four: The Crimson Horizon (The Crimson Truth)

Welcome to Chapter Four - The Crimson Horizon (The Crimson Truth)

WELCOME!

It is with much love & light that we welcome you here to this fourth and final chapter of The Crimson Horizon! It is here, in these final series of energies that you will open up to many new truths in your life as you again break down and release many un-truths from your way of life, as the Guides explain:

“The Crimson Horizon brings forth great truths and untruths in what may seem challenging equations and fundamentals. For when one’s life has been built from blocks of mis-truths, it can be a difficult process to watch as these blocks crumble and fall down.

Know however dear ones that this is all illusion; illusion of one’s own mis-faith, mis-trust and attachment. All will be rebuilt.

All will be returned to the rightful path of truth.

Know this and be clear in your intention to benefit all.”

THE CHAPTER FOUR PRACTICES:

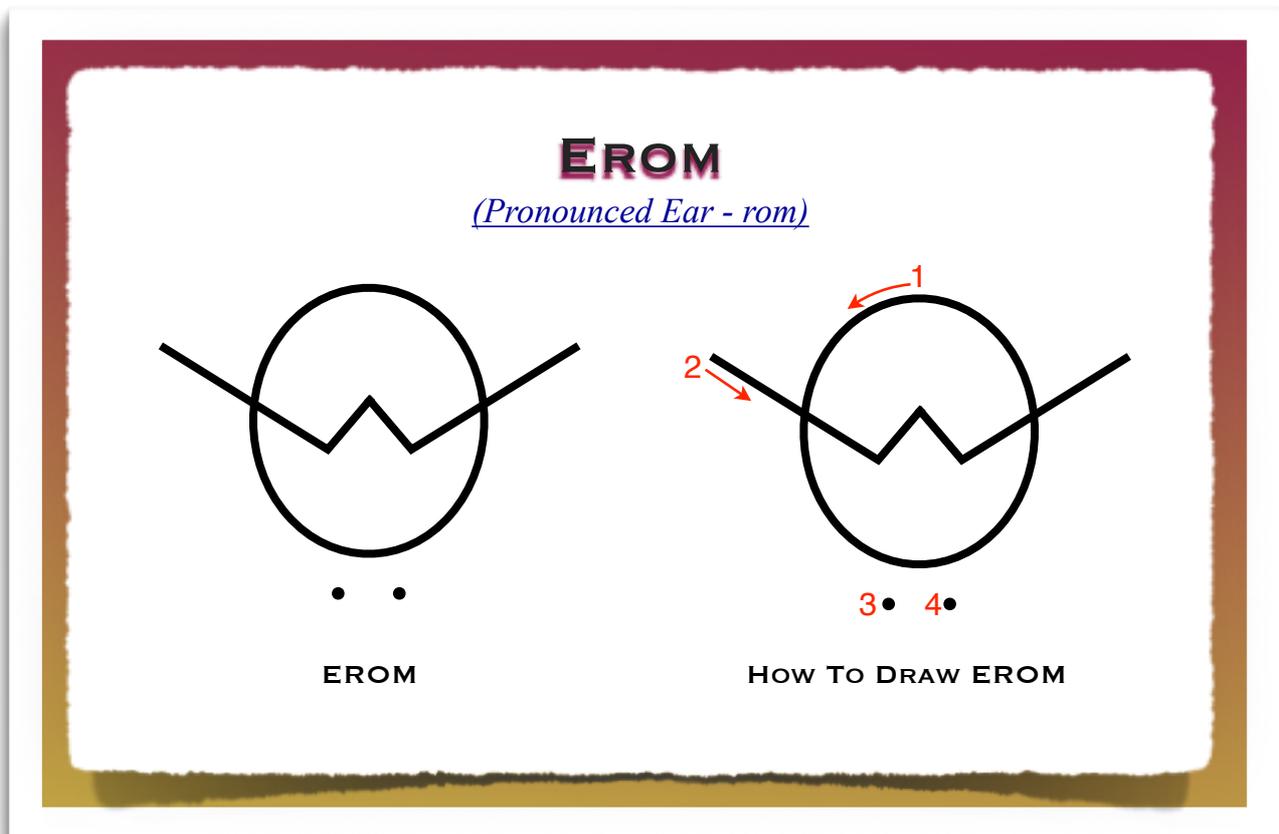

Here in Chapter Four, the practices are split up into two parts. The first part requires us to connect through symbol practices and the second part will be introducing you to a very special initiation, known as The Crimson Initiation. Please see an outline of these two parts and the prescribed completion timeframes below:

Crimson Horizon - A Journey Home "The Cornerstone Of Truth"

* Part A - Symbol Practices (Days 1 - 66)

Throughout the symbol practices in Part A, we use the symbol "Erom" (*pronounced ear - rom*). When the symbol Erom was coming through to Gerry, she saw it was a very immense source of white light. It took a long, long time to 'come through' to her because it was so, so pure.

Symbol Practice Instructions:

■ Days 1 - 21:

Place the symbol Erom on top of the head (it is not yet ready to go into the Crown Chakra). Do this twice per day for approximately 3 minutes each time.

■ Days 22 - 44:

Place the symbol Erom into the Crown Chakra and sit with the energies for 8 minutes total. Do this twice per day.

■ Days 45 - 62:

Place the symbol Erom alternatively into the Crown Chakra then Heart Chakra, continuously for 8 - 12 minutes. Do this once per day.

*** Gerry drew the symbol for the first 3 - 4 times then just 'intended' the energies into these chakras after that and this worked just fine.*

■ Day 63:

Place the Erom symbol into the Third Eye Chakra for 5 minutes. Do this once only on this day.

Congratulations! Your symbol practices for Part A are now complete. Please take rest now for 3 days (days 64-66) before starting Part B.

"The Cornerstone Of Truth"

*** Part B - The Crimson Initiation (Day 67)**

On day 67, we invite you to receive The Crimson Initiation. To ensure that you receive these energies successfully, we kindly ask that you please follow along with the below steps:

■ **Step 1 - Preparation:**

Sit or lie down, whichever is more comfortable for you, ensuring that you will not be disturbed for at least 35 minutes. Perhaps you wish to play some soft [healing or relaxing music](#), light some candles or burn some incense to create a nice ambience.

■ **Step 2 - Initiation:**

Invoke the initiation with hands in prayer position, by saying the following:

**"I open with Divine Truth, to source the Eternal Truth
of the Divine, for the benefit of all."**

(Repeat 3 times)

■ **Step 3 - Integration:**

Please sit for around 15 - 30 minutes to allow the energies to integrate fully into your consciousness. If you wish to, you may repeat the attunement invocation as you open up and receive these beautiful energies. During this time, Gerry felt a huge, Crimson 'engulfing' energy pouring and moulding around her whole body, like chocolate being poured over a cake!

The Guides then finished this precious initial with the following words:

"May the Crimson Truth be with you"
