ADVANCED KUNDALINI HEALING
MASTER TEACHER LEVEL

As you might recall, the full Kundalini Healing system can also be shown diagrammatically as follows - notice that there is now another round of expansion here at this Master Teacher Level!

ADVANCED KUNDALINI HEALING

MASTER TEACHER LEVEL

You have already seen the Kundalini Healing system diagram before however here, as part of this Master Teacher Level, we feel that it may be helpful to quickly summarise and refresh your memory about the various stages of this Kundalini Healing system. This may come in handy if you are required to briefly explain the basics of the different levels as you go about teaching this system to others.

This quick summary or highlights page then can also help to give you a good overall summary as to the divine healing processes that are being received through each of the levels. This may again be quite useful for you when teaching these practices to others.

Firstly, it is important to point out that the first three Kundalini Reiki levels are an absolute essential part of providing the foundations for the entire Kundalini Healing System. These first three levels are to be learnt first without exception, prior to moving into the more advanced energies.

Also, it is also important to remember that all all levels of the Kundalini Healing system are to be learnt in order i.e. from Level One through to Level Nine. The Master Teacher Level is then an additional and optional step for those wishing to teach this to others.

You will no doubt recall that the first three levels of Kundalini Reiki have been brought through by Mr Ole Gabrielson from Denmark and these levels make up a stand-alone system which is taught to many thousands of people around the world; that of Kundalini Reiki.

From the Kundalini Reiki teachings, people can then be guided into receiving one of the Ascension Pathways that Love inspiration offers so that they can satisfy the necessary requirements for the Advanced Kundalini Healing course.

This is a crucial and important part of the Advanced Kundalini journey as it helps each recipient to receive the necessary energetic foundations for the Advanced Kundalini Healing levels and will help them to experience these energies at a far higher and more harmonious energetic frequency.

Once the Ascension Pathway prerequisites have been completed, the Advanced Kundalini Healing Levels 4 to 9 become available and of course, these levels can now help to extend and expand on the Kundalini Reiki energies so that each recipient can feel a deepening of their healing experiences.

Within the advanced levels, the fourth level which provides an opportunity to work at a deeper layer of Kundalini. The fifth level essentially consolidates all of these Kundalini healing energies learnt through Levels 1 - 4 and then the sixth level now uses this consolidated platform to open the recipient's healing channel to an additional 17 Kundalini healing frequencies. A beautiful awakening and opening indeed! During the previous ebook, we likened this opening to the Level 6 frequencies as a satellite dish being placed atop a rooftop and this is a very apt analogy here.

ADVANCED KUNDALINI HEALING
MASTER TEACHER LEVEL

The Level 7 attunement then seals all of these frequencies from Levels 1 through to 6 as we ready ourselves for the Level 8 and Level 9 energies. There are no new frequencies added or received during the Level 7 attunement.

And finally, Levels 8 & 9 help us to expand our healing channel yet again as we are guided towards our Master Level practice of the Kundalini Blue Diamond which brings together all of these Kundalini practices and healing frequencies into one simple 10 minute format. Wonderful!

By now you will surely be familiar with the healing potential and simplicity of these beautiful and peaceful energies and if you are reading this, you will have now worked with these Blue Diamond energies at least 100 times in self-healing and at least 50 times with others. We hope that this time has brought some beautiful and uplifting healing and meditation experiences into your life!

We again thank you from our hearts for doing all of this amazing healing work and we bow down to these loving, kind and virtuous actions. Please know that this work alone has helped the collective consciousness to evolve significantly.

Sometimes, because of the inherent nature of energy based healing and meditation, we can forget all the hard work that has been done. We sometimes don't fully realise that those tired feelings, slight colds, difficult emotions or challenging life circumstances are a direct result of the healing work that is being done. As a result of this, we can sometimes forget just how far we've come on our healing pathway.

We see this very often, including within Gerry and Marty themselves, so again we wish to say a big thank you for doing all of this important healing work and we are so very delighted that you have finally made it here to this Master Teacher Level!

Full over to the

journey and look

2. INTRODUCING THE ADVANCED MASTER TEACHER LEVEL:

Becoming an Advanced Kundalini Healing Master Teacher is a very significant step for anyone on their spiritual, healing or meditative pathway. Having now completed all of the prerequisites, you are ready to open up to the blessings of the Master Teacher Level as you embark on your teaching journey for the benefit of all!

You will notice on the overall diagram (on Page 5) that the Teacher Level energies are represented by a golden circle, which encompasses all the different energies of the system. You will see also that this circle is again expanded outwards from the energies themselves signifying that there is again some expansion which happens as we become a Master Teacher.

We understand that this represents the very deep healing and growth work that you have done through your Kundalini Blue Diamond Practices and as a representation of the expansion which occurs as we receive the Kundalini Gold Teacher Seal (which we'll discuss a little further down).

By now, you will probably have experimented with and learnt from your own practices and for some, this may have resulted in a more benevolent or perhaps a more altruistic intention emerging from your daily practice

You may be working with affirmations like *“may all beings benefit”* or *“may I shine my light for all”* or *“may the Kundalini Blue Diamond shine for us all”* as examples of these more benevolent intentions.

Perhaps you have incorporated a series of prayers into your practice as you receive these energies to bolster the intensity of your practice and maybe you have started to feel the benefits in your practice of applying these altruistic mindsets.

Some of you may have been guided towards a more deepened understanding of interconnected-ness or one-ness through a more 'feelings based' practice. Maybe these kinds of affirmations and prayers don't really work for your mind and perhaps you prefer to open up and simply 'feel' or 'see' things during your practice. This is fine also - we hope that you are feeling a more loving and compassionate connection with the concept of 'all beings' with your practice.

Whatever the case may be for you, it is normally this type of soft awakening or gentle blossoming of our intentions that help our energies to also expand and grow towards more love and light in our lives. And it is exactly this expansion (as well as the Master Teacher blessings themselves) that we believe is represented in the diagram as the expanded golden circle.

Congratulations

We sincerely hope that these Master Teacher Level energies now help you to bring even more love, light and joy to both yourself and to all those that you connect with in your life. We wish to congratulate you here on taking this next step for the ultimate and infinite benefit of all!

3. IMPORTANT GUIDELINES FOR BECOMING A MASTER TEACHER:

As we mentioned during the final stages of the Master Level (in the previous ebook), the Guides have provided us with some guidelines or 'suggested prerequisites' for those wishing to become an Advanced Kundalini Healing Master Teacher.

For the first Ascension Pathway prerequisite, we will now assume that this has been completed. Now, let us focus a little more then on the importance of the Kundalini Blue Diamond prerequisite.

As we will see in these next few sections, it is very important that these prerequisites be completed in order to receive the Master Teacher blessings and just to make sure, we kindly ask that you read the below reminder to ensure that these have been met prior to moving forwards.

A reminder of the suggested prerequisites (done at the Master Level) for becoming an Advanced Kundalini Healing Master Teacher are:

- 1. At least 100 self-healing sessions; AND**
- 2. At least 50 healing sessions for others (either in person or by distance)**

* The Guides have also suggested a 2 - 3 month minimum timeframe between receiving the Master Level attunements and receiving the Kundalini Gold Teacher Seal.

Only once these requirements have been met, you are now ready to move through the following section which discusses the process of how you will be receiving the Kundalini Gold Teacher Seal.

For those of you who feel that you need to do some more healing work before moving forwards, that's ok - please take some time to do this. It is often better to take a few more weeks and continue with your daily practice now rather than rushing forwards and moving prematurely into the Master Teacher energies.

If you are struggling with finding people to practice on, then perhaps consider sending the Master Level energies (Kundalini Blue Diamond) to our Earth as your healing others practice! In this way, you can do a daily or twice daily practice which can help you to both satisfy these suggested prerequisites and also to connect more deeply with the Kundalini Blue Diamond energies prior to becoming a Master Teacher.

4. RECEIVING THE KUNDALINI GOLD TEACHER SEAL:

The Kundalini Gold Teacher Seal is the blessing that gives you the ability to give attunements and to become a Master Teacher. However before commencing this section, please read the note below:

NOTE: Before reading this section, please ensure that you have activated (unlocked) the Advanced Kundalini Healing Master Teacher energies prior to commencing.

The activation / unlocking process is a simple 5 minute process which unlocks the energies and gives you access to them. Once you have unlocked the energies, this means that all the Advanced Kundalini Healing Master Teacher energies have been activated specifically for you. You are therefore then ready to continue your Master Teacher journey by working through this ebook, at your own pace and receiving the energies as you feel guided.

If you have not yet activated / unlocked the Advanced Kundalini Healing Master Teacher energies for yourself, you may do this by following the instructions on Page III of this ebook.

The Kundalini Gold Teacher Seal blessing is provided to you directly by the Guides and this seal can only be received after you have shown an adequate level of “*commitment to benefiting all*”. This is a key concept to understand at this level and the reason why the Guides have suggested the necessary prerequisites between the Master Level and the Master Teacher Level.

“The Golden seal will come whilst you are using the Blue Diamond energies, when you are ready for it.”

To explain this in a little more detail, the Guides explained very clearly that rather than making this a payment based system i.e. you pay \$xx to become a Master Teacher, the system would be more ‘commitment’ based. i.e - a ‘commitment to benefiting all’.

So in this respect, the prerequisites of doing self-healing sessions and doing healing sessions for others was the perfect way of showing a commitment to benefiting all as both of these practices indeed bring much benefit to the collective consciousness.

By healing ourselves, we are coming closer to purity, love and to our truly divine nature. Ultimately, this has the affect of also raising the vibration of the collective consciousness. By healing others, we also help the collective being through helping that particular person (and ourselves) to move towards a more purified, love-filled or light-filled vibration.

Love Inspiration received the following information from the Guides:

“Please note that the Kundalini energies are not simply a matter of ‘paying’ for the energies and receiving them. The energies are given freely and with love however you must show a form of commitment to benefitting all in order to reach the highest levels.

‘Benefitting all’ means the continued practice of purification (in this case using the Blue Diamond energies) and of offering in return for what you have received (in this case a donation for the higher levels).

At higher levels of consciousness, we are beginning to understand more and more that ‘paying’ for energies is a rudimentary form of exchange and one soaked in ego and the old consciousness. At the higher levels we understand that the energies are offered in return for your commitment and dedication to benefitting all.”

So again, once an appropriate level of ‘commitment’ has been shown (as deemed appropriate by the Guides) the Kundalini Gold Teacher Seal will be received. This will happen spontaneously and will be received directly from the energies themselves. As a result, you will likely not be aware that you are receiving this blessing. Again, as the Guides have said:

“The Golden seal will come whilst you are using the Blue Diamond energies, when you are ready for it.”

ADVANCED KUNDALINI HEALING
MASTER TEACHER LEVEL

Once you receive this Golden Seal, you will then be able to pass on all the attunements, from Levels 1 - 9 and you will be ready to accept the most honourable title of 'Advanced Kundalini Healing Master Teacher'.

wonderful!

We do understand here that most of you will not 'know' for certain whether you have received this Gold Teacher Seal and this is very natural. We therefore understand that there may be some very natural hesitation then about giving any attunements before you feel 'qualified' or ready to do so.

So to help clarify this situation, for those who wish to teach this system, **Love Inspiration requires that you have completed the suggested prerequisites AND you have waited a minimum of 3 months (from the date of your Master Level attunement) prior to giving attunements to others. (This 3 month period ensures you will have received the Golden Seal Teacher energies).**

By setting things up in this way, we hope to preserve the integrity of this system so that others may benefit from this system in the same way that you have. This decision has been made with love and with a benevolent intention to benefit all. We sincerely thank you in advance for your honesty and commitment in upholding the integrity of this Kundalini Healing system and we trust that you will make a committed and dedicated Kundalini Healing Teacher for the benefit of all!

Finally, let us again reiterate that there is **no formal attunement required to become an Advanced Kundalini Healing Master Teacher.** You will receive the Kundalini Gold Teacher Seal when you are deemed ready by the Guides and by the energies themselves. This Gold Teacher Seal will be received as you go about completing the prerequisites outlined above - and will come to you DURING your Kundalini practice. Again, this is why the prerequisites are so important!

As you complete these prerequisites and as you complete the necessary 3 month waiting period (from your Master Level attunement date) you will then be ready to give attunements to others and to teach all levels of the Kundalini Healing system, from Levels 1 - 10.

5. AN INTRODUCTION TO YOUR TEACHER PATHWAY:

Having now satisfied the prerequisites for the Advanced Kundalini Healing Master Teacher Level, you have been invited to receive the Kundalini Gold Teacher Seal. After this, you have now officially become an Advanced Kundalini Healing Master Teacher. Congratulations!

So with this wonderful accomplishment, let us now introduce the Kundalini teaching journey here as we talk a little more about what it means to become an Advanced Kundalini Healing Master Teacher.

To start with then, let us make it very clear that as an Advanced Master Teacher, you will now be able to give attunements for all levels of Kundalini Reiki (Levels 1, 2 & 3) and Advanced Kundalini Healing (Levels 4 to 9) in one simple 5 minute sitting. This has been made possible due to the very significant and highly evolved energies of the Kundalini Blue Diamond and due to your deep healing work throughout these levels.

As Marty & Gerry received this new information, they wanted to just confirm with the Guides that it was actually possible to attune all of the Kundalini Reiki & Advanced Kundalini Healing levels together by using this one technique, to which the Guides responded:

*"The blue diamond energies are very sophisticated.
Do not underestimate their divine intelligence.
Set your attunement intentions clearly."*

In the next section, we will be outlining how to give attunements but before we do this, we feel that it is important to first discuss the inter-relationship between giving attunements and teachings for people versus sharing the idea of self activations with others.

Having now moved through this entire healing system yourself, you will have clearly understood that the full suite of Kundalini Reiki & Advanced Kundalini Healing energies are available via self activation. And with this beautiful system now in place, it means that anyone wishing to receive these beautiful healing energies can do so without any limitations whatsoever!

Love Inspiration sees this as as a truly blessed and divine gift from Higher Consciousness and we are deeply grateful to all of the work and merit that has been completed to help this opportunity manifest in this physical reality.

As we understand it, this evolutionary step has only been made possible due to the evolution of our planetary collective consciousness as a whole and again, we feel that this is a truly uplifting, empowering and exciting change that has come into the world of energy based healing.

ADVANCED KUNDALINI HEALING MASTER TEACHER LEVEL

As a recipient of the teachings, you will now have seen and understood that there is a self activation code being provided for each ebook as well as a self activation process. By completing this process, it unlocks and activates all of the attunements within the ebook so that the recipient can now open up and receive all of the energies and attunements being introduced. And to help provide you with the deeper meanings of the activation codes, the guides have shared the following information:

“These activation codes are holistic energies themselves, allowing a great force of light to behold. Within each code lies an activation sequence of many, many energies, similar to that which you may have seen in the human genetic DNA. Without fail, each code and its unique, corresponding energies unfold, step-by-step, the energies required for those particular attunement(s) and energetic frequencies.

Please dear souls, please note that there is nothing on the surface ‘complex’ about the activation codes; for they are simple digits, however coupled with the intention for the intended energetic frequencies, they open and activate a great, vast, entirely complex set of energetic activations, bringing the particular energies into play.

Each activation code has been gifted by the energetic frequency of that series of energies and comes with many associated blessings and abundance. The new activation codes enable direct connection with the associated energies and therefore allow an even more direct path of alignment to the light. This upgrade in energetic system is our gift to you at 'Love Inspiration' for your continued dedication and hard work. For this we thank you immensely.”

As an Advanced Kundalini Healing Master Teacher then, and especially for those of you who may wish to share the Kundalini Healing system in a more ‘hands off’ way, this new concept of self activation will likely seem very appealing to you.

Under this approach, you will now have the freedom to simply share, share and share this wonderful and exciting new concept with others in whatever way you feel guided to. In this way, you can just sprinkle your magical teacher dust all around you in whatever way you wish to help inspire, empower and motivate others to move into more love, light and happiness. Wonderful!

For example, you might like to share or create some colourful and love based social media posts to help draw attention to the simplicity and ease at which this wonderful healing system is learnt. You might like to share this information with family or friends or perhaps you would like to share with others in your spiritual community or through a healing group environment.

ADVANCED KUNDALINI HEALING

MASTER TEACHER LEVEL

However you wish to share these teachings and healing systems with others, might we suggest that all sharing is done with love, light and with a great respect for the beliefs and interests of others. By using this approach, it becomes possible to share all of the Love Inspiration healing systems without any pressure, without any work, without any obligations or commitments - simply share with an open heart and with much love!

Alternatively, for those who would like to teach this system in a more traditional way i.e. through a more 'hands on' teaching style - this is also wonderful! Having done all of the hard work to reach this point, you are able to share this beautiful suite of Kundalini Reiki and Advanced Kundalini Healing energies in a way that feels right for you.

As we mentioned in the Kundalini Reiki Master Teacher ebook (Level 3), you can now choose to share these energies and teachings by distance or in person. You can choose to share these energies and teachings through a class setting (with many recipients) or through a more one-on-one basis.

Like all energy based healing practices, how one chooses to teach will often be reflective of their own divine gifts, talents and personal preferences. Love Inspiration therefore invites you to share these teachings, energies and healing practices with as many beautiful souls in a way that feels right for you!

As long as you are sharing these teachings with love and helping another being to move into higher states of love & light, you can truly do no wrong! As always, we ask simply that you follow your divine intuition and your heart in everything that you do!

In some cases, you may find that different people require different styles of teaching. For example, you may feel that for some people, they are needing an 'in person' attunement whereas for others, you may feel that you just need to share the ebook, with the self activation information included and just leave them to it.

How you teach then will normally be reflective of our own personal preferences whilst allowing your own intuitive feelings to guide you towards sharing the teachings in the best way for each recipient. And it is for this reason that it is so important to simply trust your heart and your own inner feelings as you embark on this wonderful Master Teacher journey ahead!

In the next section, we will be providing you with the simple instructions for giving attunements and then after this, we will be talking in more detail about some of the ways that you can choose to teach others.

As part of this course, we wish to share lots of wonderful information so that you can embark on your teacher journey with confidence, understanding and with much love. For now though, we hope you have enjoyed this short introduction and we make the wish here that you will be guided towards sharing this beautiful healing system with many beautiful souls on our collective journey into the purest forms of love & light!

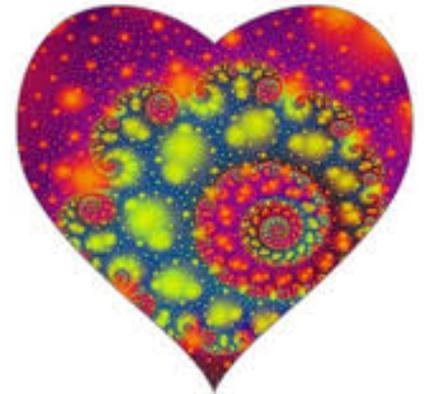

6. INSTRUCTIONS FOR GIVING THE ATTUNEMENT:

Having now covered some of the important basics about becoming a teacher, let us now share the simple and easy techniques for passing on the attunement, as this will be one of the most important aspects of your teacher training.

Like all energy based healing practices, there are a few different ways that you may activate attunements for people and as always, it is the intention that is so important when giving each attunement.

So here, we wish to share two very simple and effective ways to activate the Kundalini Reiki and Advanced Kundalini Healing attunements as we received from Higher Consciousness.

You may use these methods to attune all levels of this Kundalini system noting that you have the flexibility of choosing which levels you wish to attune. For example, you may wish to attune all nine levels in one sitting or just Levels 1 - 3 or just Levels 4 - 9. In addition to this, you can also attune multiple people to multiple levels as you feel necessary.

This then provides you with lots of flexibility and a far greater attunement efficiency and of course, this has all been made possible due to your own healing and purification work. Throughout these past months, your divine healing channel has been expanded and opened up very significantly through these Kundalini Healing practices and through your Ascension Pathway progress. Now, with the assistance of the Kundalini Blue Diamond (which includes the entire suite of Kundalini healing energies), you are ready to attune all levels of this system as you feel guided to. Wonderful!

And what a massive compliment to your own energy, consciousness and progress! There are not many people in this world who have the ability to do what you are about to do so again, we congratulate you on this most exciting step forwards.

The below five steps will be helping to guide you through the attunement process noting that there will be two options being provided here for you during Step 4. "Activating The Attunement":

- ☀ **1. Preparation**
- ☀ **2. Activating the Energies**
- ☀ **3. Setting The Intention**
- ☀ **4. Activating The Attunement**
 - **a). Project the Blue Diamond**
 - **b). Blow the Blue Diamond**
- ☀ **5. Sealing With Gratitude**

ADVANCED KUNDALINI HEALING

MASTER TEACHER LEVEL

Please ensure that you feel adequately prepared for doing your attunement. You will need to be comfortable and undisturbed for around 5 - 10 minutes. You may wish to sit or lie down, whatever you feel is more comfortable for you.

2. Activating the Energies

To activate the attuning energies, simply place your palms facing upward (you may either physically do this or just imagine that you are doing this in your mind) and say 'Kundalini Blue Diamond' (either silently in your head or as you wish to, out loud).

The Blue Diamond will now 'appear' in the palm of your hands and you can just take a few moments here to visualise this and connect with the Blue Diamond energies.

3. Setting The Intention

Now we state our intention with something like:

**"With love and gratitude I ask for the attunements
for Kundalini Levels X - X for [name of recipient].
May they be infinitely happy and free from suffering.
Thankyou, thankyou, thankyou."**

NOTE: You can choose whatever levels you wish i.e. from 1 - 9 or 1 - 3 or 4 - 9. *** This does not include the Master Teacher Level).

You may also wish to add a prayer for the recipient or some other 'personal' blessing, from your heart here such as:

**"May this person use these energies to benefit themselves, to
find everything they need in their life and so they can benefit
the collective consciousness in the most amazing way
imaginable. So be it"**

4. Activating The Attunement

● Option A

We place or project the Blue Diamond (from our palms) to a point about 10 metres above the person's head whilst intending that the attuning energies be received as the recipient calls on them.

● Option B

We blow the Blue Diamond (from our palms) to a point about 10 metres above the person's head whilst intending that the attuning energies be received as the recipient calls on them.

5. Sealing With Gratitude

As always, we like to finish any attunement process with gratitude. Let us thank the Kundalini Blue Diamond energies and dedicate this good work "for the benefit of all".

"With love & gratitude, I thank the Kundalini Blue Diamond energies for helping today and may this good action be dedicated so that all beings find their way to the purest light frequencies."

As with any attunement processes, it is always our intention that is so important. As you progress, you may wish to give your Kundalini attunements in a slightly different format noting that the divinely guided nature of this system will ensure that the energies are activated for the recipient.

The most important aspect of this attunement process is to activate the Blue Diamond, set the intention and send these energies to the recipient. The other 'how-to-techniques', may perhaps be creatively rearranged for your own personal preferences - whatever helps you to connect and attune more effectively is good.

These teachings about how to give an attunement are based on the information that was received from the Guides. We hope that these techniques will help you to share these beautiful and empowering energies with others for the benefit of us all!

Giving an attunement can be a deeply wonderful experience both for the attuner and the attunee so please be as liberal as you can be in sharing these gifts with others! They will bring much benefit to us all!

7. THE PRACTICAL ASPECTS OF TEACHING:

During the Level 3 teacher training, we covered some of the practical considerations for becoming a Kundalini Reiki Master Teacher and much of this information will still be valid as you move into your Advanced Kundalini Healing Master Teacher course. Therefore, for those of you who wish to have a quick recap of these few pages from your Level 3 ebook, we now invite you to take a few moments to have a quick read through the material covered as a prequel to this section.

Having now re-read this material, you will have seen that the original Kundalini Reiki system which was brought through by Mr Ole Gabrielson is a rather different system from the Kundalini Healing system offered through Love Inspiration.

As one of the major differences, it is very important to understand the distinction between activating one attunement per level (which is required in the Ole Gabrielson system) versus activating the entire suite of Kundalini Reiki or Advanced Kundalini Healing energies in one sitting (which is what you are now able to do through the Advanced Kundalini Healing system).

This is an important difference and we wish to remind you here that as of the time of writing, this is still a very new concept in the world of energy based healing. Therefore, as an Advanced Kundalini Healing Master Teacher, you will very likely be needing to share this new understanding with others in a way that is filled with love, humility and respect.

And as you go about this new journey, we wish to again reassure you here that you are most certainly able to activate all levels of attunements for any number of people using the technique described in the previous section. This has been made possible through the beautiful and highly evolved energies of the Kundalini Blue Diamond and due to the divinely guided aspects of this healing system. Please remember this on your teacher journey forwards!

Should you wish to also, because these energies are now available to people through self activation, you will be simply able to share the Love Inspiration teachings and ebooks without any real need or 'teaching' and in this way, you can see that you have many choices available to you as an Advanced Master Teacher. For example, we can see two very clear pathways emerging here for your teaching pathway forwards and these are as follows:

Teacher Pathway 1: Share the Love Inspiration ebooks and allow others to self activate.

Teacher Pathway 2: Teach these healing systems with a more 'hands on' approach.

The first pathway is relatively straight forward and we have already talked about this first pathway in *Section 5 - Introducing An Introduction To Your Teacher Pathway*. We understand that each person will very likely be sharing these ebooks and teachings in their own unique way and in accordance with divine guidance so we feel that this is quite straight forward and easy to understand. For more information about how you might like to share or promote the Love Inspiration healing systems, we invite you to check out the [How to Help](#) section on our website.

The second pathway then can be as involved and as 'hands on' as you wish. There is so much choice and flexibility here for you so in the interests of exploring these options more thoroughly, let us now provide some brief examples about how you can offer and share these beautiful healing energies and teachings with others.

Example 1 - Activating Attunements

The first option then is to simply activate attunements for people whilst providing them with the Love Inspiration ebooks. For some recipients, we understand they may not feel qualified, good enough or ready to 'self activate' the energies & attunement for themselves and for these people, it would be a wonderful help on their journey for you to activate their attunements so that they can open up and receive these beautiful & divinely guided healing energies.

This will likely be a very easy style of teaching as you are able to share all of the Love Inspiration ebooks and teachings in their original format. You will just need to communicate with the recipient and perhaps answer questions that may arise as they progress. Simple!

Example 2 - Providing Experiential Understanding

The second example here may be more appropriate for recipients who are feeling able and confident to self activate the energies and attunements but who might like or need some additional guidance as they progress through the energies. And here, you will be able to offer your experiences and understanding as you share your on unique insights into the healing practices or answer any questions, comments or queries that may arise along the way.

In this way, as someone who has already completed this system, you can help them to feel more comfortable and supported on their healing journey and for those who are starting out, this is often a great help as it brings the recipient some peace of mind. They know that someone 'qualified' is there for them to help them learn, digest and understand what may be some very new concepts.

Teaching in this way will also be quite straight forward as you will again be able to use the Love Inspiration ebooks & teachings in their original format. Your focus here is on providing the valuable support and love to

each recipient you are 'teaching' and guiding each recipient on their journey forwards. In other words, you have become the experienced hand helping the inexperienced practitioner.

Example 3 - Create Your Own Kundalini Courses

For those of you who wish to really embrace your new teacher role, you might wish to create your own healing courses, workshops or share these teachings in your own unique way. And this is also a wonderful approach for your teacher journey forwards!

ADVANCED KUNDALINI HEALING MASTER TEACHER LEVEL

To start with, we lovingly suggest that you take some time now to reflect on how you might like to share these teachings and energies with others and simply allow yourself to be guided towards your own style of teaching. For example, you might like to ask yourself some of the following questions (and many more!) as you set out to share these teachings and attunements with others:

Do you want to offer Kundalini Reiki courses and Advanced Kundalini courses separately?

Would you like to teach people in person or by distance?

Do you feel interested to create your own manuals and ebooks for sharing with others?

Are you a person who would enjoy leading or facilitating a Kundalini healing group?

Can you incorporate these Kundalini teachings into your existing teaching services?

Would you like to offer a full Kundalini Reiki & Advanced Kundalini Healing workshop?

These kinds of internal questions are very important to consider before sharing and teaching these healing courses for others. For us, it is always important that the teacher understands and prepares all of the necessary information and processes prior to sharing these with others.

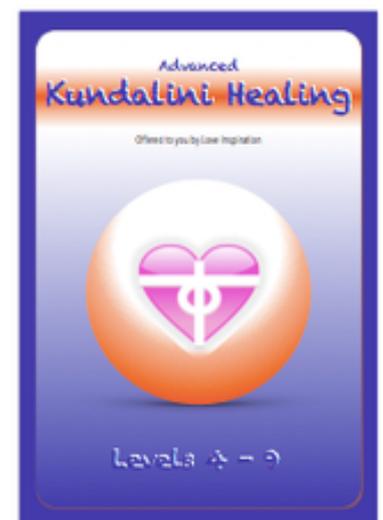

In our humble opinion, this helps the recipient to digest the information in a way that is simple to understand which then helps to give them more confidence for their journey forwards.

Also, in the interests of helping you to become the best possible teacher you can be and with the hope that these Kundalini healing systems will be shared with many beautiful souls, Love Inspiration is happy for all of our Advanced Kundalini Healing Master Teachers to use any and all of our teachings materials, as desired, for the creation of their own ebooks and manuals.

We offer this to you this gift with much love and with the hope that it helps you to become a wonderful Master Teacher as you share these beautiful healing energies and systems for the benefit of all!

Our Kundalini ebooks are made available to you on our website in PDF format so please feel free to use these materials (as you need to) to create your very own ebook and practitioner manuals. Feel free to choose whether you wish to create separate ebooks or whether you wish to combine the ebooks and teachings into one full system. Or do whatever else you like! You have our blessings to present this information in whatever way you feel is best for your recipients.

Our only request to you here is that you please present all of the pertinent and relevant information so that each recipient can gain a full understanding of the Kundalini Reiki and Advanced Kundalini Healing systems.

We ask that you gently reinforce the importance of the suggested timeframes in between each of the levels as this will be helping each person to assimilate and digest the energies before moving into a higher vibration.

We ask that you include all of the channeled information from the Guides as this will be helping each recipient to understand the inherent nature of the healing energies and we ask that all of the healing practices & timeframes for practices are included and adhered to so that each recipient can receive these energies properly and in accordance with the instructions received from Higher Consciousness.

We are always very grateful to anyone who takes the time to share these healing energies and systems with others and we make the loving wish here that your benevolent actions can help to bring much love, light and joy into the collective consciousness.

And to further help you on your teacher journey, let us now provide some additional examples and ideas about how you may like to teach these Kundalini Healing systems (as well as summarising some of the previous methods outlined) as we complete this teacher training.

* A). Teaching 'by distance'

One of the nicest things about the Kundalini Reiki & Advanced Kundalini healing systems is that they can be shared very easily by distance. Throughout your time with us, you have moved through all of these levels through this distance format and in the same way, you can now also share these teachings through this same format. As we've already mentioned, you can do this in two main ways.

▶ **i). Activating attunements for the recipient by distance:**

Having now received all of the Kundalini attunements by distance and having now learnt how to share all levels of attunement in one simple 5 - 10 minute sitting, you are now free to share these beautiful energies by distance in a way that you feel comfortable with.

Under this option, you can simply use the ebooks & original teachings as your platform for teaching the theoretical aspects of learning and then simply activate the Kundalini attunements for people as necessary. From here, you may or may not wish to share additional information or answer questions as you feel guided.

▶ **ii). Allowing the recipient to self activate the energies themselves:**

For those wishing to pursue a 'hands off' teaching style, we invite you to share your knowledge about the Love Inspiration style of teaching, either online or in an offline environment. In this way, there really is no 'work' to be done on your teacher journey but rather, you will be sharing these teachings & energies so that others can benefit.

We see this role as being more like a divine 'assistant' as you open yourself up to working for the energies directly and promote, encourage & share your new found knowledge about the possibilities of learning energy based healing without the need for an 'in person' Master.

With these energies being highly evolved (through the self activation process), we see this as a wonderful opportunity to empower those wishing to do much learning in energy based healing as they can be guided through many types of healing courses, divine cleanses and the Ascension Pathways as they are guided to raising their energetic vibration significantly.

* B). Teaching 'in person'

For those who wish to, the Kundalini Reiki & Advanced Kundalini Healing system can also be taught in person. In some cases, you may prefer to sit down with the recipient and explain some of the basics prior to activating their attunements and then either send them the relevant written material or simply 'teach' all of the basic concepts 'in person'.

For some people, being introduced to these kinds of energy based healing practices can be quite daunting so it can be very beneficial to sit down with them and explain some of these teachings 'in person' prior to receiving their attunements or doing the healing practices.

If a situation arises where teaching in person seems more preferable to you, then you have a number of options available to you however in most cases, issuing some form of written manual is definitely recommended as it will help the recipient to more deeply digest the new information.

We should also point out here that if you do wish to give an attunement 'in person', the attunement processes will not change. Even when you are giving the attunements 'in person', we still recommend that you activate all of the necessary attunements using your simple 5 - 10 minute technique (perhaps even prior to them arriving if you wish to).

From here, you can simply 'guide' the recipient through their 25 minute attunement for Level 1 i.e. as they open up and receive these attuning energies with love. During this time, we would recommend that you place your hands over their Crown Chakra, just to help them relax a little more during the attunement process.

In some cases, you might like to give the person some 'healing' first, perhaps with the Blue Diamond energies, and then proceed to guide them through their Kundalini attunement. Again, these healing energies will be helping the recipient to feel relaxed and open to receiving their attunement.

In some cases, you may also wish to spend an hour or so talking through the basics as part of your teaching journey i.e. introduction to Reiki, Kundalini Reiki, how to practice etc. When it comes time to do the attuning, you may wish to do the attunement process as described above. Overall, the total time to 'teach' one level might be between 90 - 120 minutes.

Depending on how you feel, you might also wish to walk them through a very simple Level 1 self-healing practice as part of their 'course' after their attunement so they can 'feel something' from their experience. This often helps them to gain confidence in working with the energies.

ADVANCED KUNDALINI HEALING MASTER TEACHER LEVEL

All of this can often help encourage practice at the early stages which is often a very important part of being a good and inspiring teacher. At this point, you might like to issue them with an ebook or practitioner manual and then as they progress, you may find that your teaching style changes or they are feeling more comfortable receiving attunements 'by distance'.

Depending on how you set yourself up to teach, you may also receive phone calls, emails or visits to your healing centre or home along the way and as you start to teach more levels. People will often have questions as they start to go about their practice and this is a very natural and normal part of your 'teacher' duties (as a way of helping each recipient to deepen their connection).

Alternatively, as another idea, you may wish to set up a series of classes, or special 'healing groups' whereby you can devote a few hours towards sharing these Kundalini energies (and other healing energies) with many people, with much love & light.

Again, for attuning in person, we suggest that you always activate attunements using the Advanced Kundalini Healing Master Teacher technique. You can do this prior to people arriving and then spend the 25 attunement minutes guiding them through their attunement experience in a more class setting.

In person teachings are particular good for those recipients who may not immediately believe in 'distance healing' or distance attunements right away. Maybe you will just need to share the first few levels of teachings and attunements 'in person' and then move into a distance format as the recipient becomes more comfortable with the attunement process. In all cases, we would lovingly suggest that you issue an ebook/manual so they have all the information available to them for their practices.

So yes, there are many ways that you may wish to approach your teaching in person! As always, we ask simply that you be guided by your own intuition and simply do what feels right for you. Some people who are very new to energy based healing may need some extra tender loving care whilst others may prefer to do things themselves so please, always share these energies with your heart open and filled with love and in line with your own inner feelings!

#Share Love

* C). Receiving Payment

During the Kundalini Reiki Master (Level 3) teachings, we covered this issue very deeply. Whether you should charge, swap, share or give these energies away freely. We deliberately left this choice very open as it is always a very personal decision about whether you want to charge for sharing these energies or not.

A key distinction here is that Kundalini Reiki (Levels 1- 3) is an energy based healing system which is often taught to people in exchange for money; as a common way of exchanging energy. And it is for this reason that we have left this open for you to decide what feels right for you for the Kundalini Reiki teachings.

Love Inspiration offers its teachings freely and with love in the idea that giving to others is the way forward to the new consciousness. We want to encourage, promote and inspire people to always give and share their gifts and talents with each others in the understanding that we always receive that which is divinely determined for us through our own karma.

In any case, as an Advanced Kundalini Healing Master Teacher, we would like to encourage you to share these energies with others as freely as you can. We understand that this will depend on your own circumstances and your own preferred format for teaching but if possible, we always like to encourage the idea of giving freely and with love.

We also understand that we are all at different stages of learning and growth work so again, as always, please be guided by your own intuition and your own feelings. We are all very different so please make the right decision for you.

So let's have a look at a few examples here of some different teaching formats and how this might work on a more practical level.

Take for example, the idea that you are teaching completely by distance. You attune 9 levels of teachings and issue the relevant teachings material via email in around 15 minutes knowing that as the person moves through to Levels 8 & 9, they will likely make a small donation to you in return for what they have received.

Understanding that you have accumulated much good karma for this deeply loving action and knowing that there is a good chance of you receiving a donation down the track for this, this may well be enough for you.

Now compare this to a situation where you are giving these teachings in a class format, say over a 10 week period. Maybe you need to set up the room each week, organise music, comfortable seating and of course the time spent to run the class.

Let's say you have 5 people attending each week and the class runs for around 60 - 90 minutes or so. You may feel that it is appropriate to charge an amount per person for each class. This would also be perfectly suitable in return for all your hard effort in promoting, setting up etc.

ADVANCED KUNDALINI HEALING MASTER TEACHER LEVEL

Perhaps you decide to give these 'teachings' and attunements in person (individually). You may have many clients who wish to receive these teachings in person and so you decide to spend 90 minutes or so per person to literally 'teach' this information to them and to practice with them and to guide them through their attunement. For this work, you may feel that an amount per hour is more appropriate. Again, this is totally understandable.

And finally, for those of you who wish to simply share the Love Inspiration ebooks which guide each recipient towards activating their own energies prior to commencing their course, you might be very happy to simply share your new understanding & perspectives with much love. Of course, having been through the healing energies & practices yourself, you might also like to offer your love & support at any time as well as answer any questions that they may have along the way.

Ultimately, the decision about charging for these energies will depend on each Master Teacher and will be depend on the circumstances you are teaching in. We simply ask that you make all decisions in line with your inner truth and in line with what your heart is telling you (rather than your ego!) And please do what feels right for you.

With this, we will again share the information as it was brought through by the Guides for this Master Teacher Level noting that you may wish to reflect on this before making your own decisions about pricing and payment:

"At higher levels of consciousness, we are beginning to understand more and more that 'paying' for energies is a rudimentary form of exchange and one soaked in ego and the old consciousness. At higher levels we understand that the energies are offered in return for your commitment and dedication to benefitting all."

ADVANCED KUNDALINI HEALING MASTER TEACHER LEVEL

* D). Issuing Certificates

Love Inspiration issues certificates for all those who have received their attunements from us directly and these are issued online. We rely solely on the honesty and integrity of each of our recipients and trust that each recipient has in fact done the required practices.

As a Master Teacher, you are welcome to issue your own certificates to people as you feel necessary. Perhaps you wish to issue a Kundalini Reiki Master certificate, a Kundalini Blue Diamond Master Certificate & an Advanced Kundalini Healing Master Teacher certificate.

Alternatively, you may wish to issue certificates for all levels but please know that this may add quite a lot of time to your administration practices depending on how many people you are teaching.

Love Inspiration chooses to offer online PDF certificates and for us, this is a great option so that we can continue sharing these energies with anyone who wishes to receive them without financial constraint.

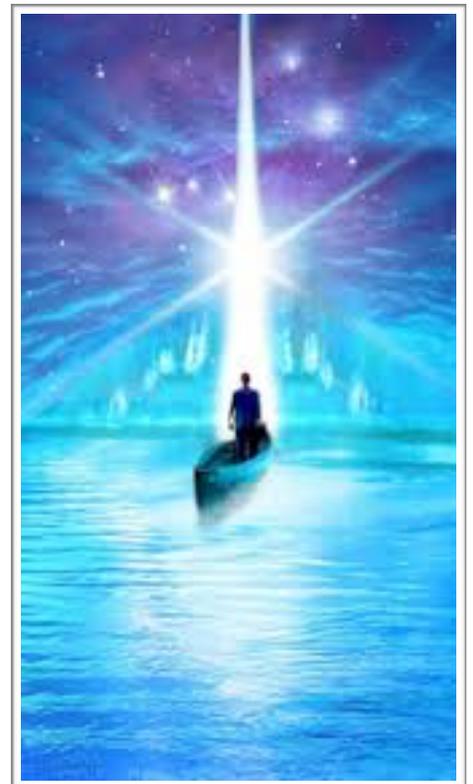

* E). Attuning Master Teachers

As you will now be aware, there is no 'Master Teacher' attunement to be received. All Advanced Kundalini Healing Master Teachers will be created through a person's own commitment towards the Kundalini Blue Diamond Energies themselves.

As a Master Teacher yourself, you will therefore be able to 'create' Master Teachers by yourself (without needing to interact with Love Inspiration) and we again give you our blessings to provide your recipients with this Master Teacher manual if you wish to.

If you are giving teachings in person, we kindly ask that you reinforce the importance of the prerequisites i.e. 100 self-healing sessions and 50 healing sessions for others and the Ascension Pathway prerequisites also.

As you may realise, this is by far the most important aspect of becoming an Advanced Kundalini Healing Master Teacher as this requirement ensures that the Master Teacher is actually able to give the attunements. So please, with love, help us to continue providing a strong and powerful form of healing here in this wonderful Advanced Kundalini Healing system.

* E). Understanding The Pre-Requisites

Having moved through the full Kundalini Reiki & Advanced Kundalini Healing courses, you will have seen and understood that the Ascension Pathways are important pre-requisites for the Love Inspiration Advanced Kundalini Healing courses. You will understand that these pre-requisites have been set in accordance with divine instructions and help to guide each recipient into Higher Consciousness as quickly and as effectively as possible.

In addition to this, the Ascension Pathway energies help to enhance the flow of the Kundalini Reiki & Advanced Kundalini Healing energies and for us, we feel that these energies and attunements are a very important complement to the Kundalini Healing experience overall.

The Guides have explained to us how important it is for Love Inspiration to be formally guiding people into Higher Consciousness in the most effective way that we can and it is for this reason that we continue to reinforce the importance of the pre-requisites with all of our students and recipients.

Having said this, for those of you who wish to create your own Kundalini Reiki and Advanced Kundalini Healing courses, we do not wish to create any barriers for you on your journey forward. As such, we give you our blessings to offer the Advanced Kundalini Healing healing system as a direct extension to the Kundalini Reiki system without any additional pre-requisites being required.

If you wish to, you can guide all of your students into the Advanced Kundalini Healing energies once they have finished their Kundalini Reiki training and in this way, the Ascension Pathway pre-requisites will simply be a pre-requisite which is necessary for those learning Advanced Kundalini Healing courses through Love Inspiration only.

You are of course welcome to guide your students into the beautiful Ascension Pathway systems also as a way of helping them to reach very pure and elevated states of consciousness. And what a wonderful way to share love & light with another living being! As a general rule however, we simply do not wish to make the Ascension Pathway pre-requisites a requirement for you because we wish to give you the most flexibility and freedom on your Advanced Kundalini Healing Teacher journey. May you do as you feel guided to in every moment!

For those of you who still have questions about your teacher journey forwards, we invite you to have a read through our [Teacher FAQ's](#).
