### ACTIVATING (UNLOCKING) THE PILGRIMAGE ENERGIES:

Before opening up to these beautiful Pilgrimage energies, it is very important that you firstly activate or 'unlock' the energies in this ebook. Once this is completed, you will then be ready to begin!

The activation is a very simple process, done by yourself, using a specially embedded activation code to 'unlock' the energies in this ebook. The four step process is outlined below and should only take you around five minutes or so to complete.

(For more information about the activation codes or the activation process - please visit our [Activation Codes FAQ's](#)).

#### ■ 1) Preparation:

Please sit or lie down, whichever is more comfortable for you, and ensure that you will not be disturbed for at least 5 minutes or so. Perhaps you wish to play some [healing or relaxing music](#), light some candles or burn some incense to create a nice ambience.

#### ■ 2) Invocation:

Invoke the activation ('unlocking') by placing your hands together, fingertips touching in prayer position and saying the following:

**"With infinite grace, I ask humbly and clearly to activate  
the energies of The Pilgrimage.  
With the unique activation code 9191704 may this be so.  
May this activation benefit all beings.  
Thankyou, thankyou, thankyou."**

#### ■ 3) Receiving:

If you wish to, you can now just sit for a few minutes as the energies are unlocked for you. After this period of time, as you feel ready, you may wish to give thanks. The activation is now complete!

#### ■ 4) Understanding:

Once you have completed your activation, we ask that you now read through - ["Activation Codes and Prescribed Timeframes"](#). This will only take around a minute or so and will help you to receive the maximum benefits from all of these healing energies, attunements and practices. After this, you are now ready to begin opening up and receiving these beautiful Pilgrimage energies! May you enjoy these with much love & light and with an intention to benefit all beings.

### FOREWORD:

It is with much love & light that we welcome you to this third growth phase of The Unified Pathway To Light - The Pilgrimage. We are very happy that after almost a year of self-healing and meditation, you have now arrived at this expansive and wondrous phase of self-exploration & ascension.

In the first two volumes, The Celestine Series and The Sorcebro Energy Suite, you were introduced to many kinds of energy based healing practices which have helped to embed a series of ascension based energies into your consciousness, as your love vibration has been raised over a period of around nine months.

During this time, we have also shared many additional teachings that have no doubt helped to bring more understanding about the energy based healing process and the importance of working with an altruistic intention. This has been a very necessary part of your ascension journey and will now become the foundations from which you can blossom.

So here, during The Pilgrimage the focus of our 'practice' now changes significantly. To start with, there are no self healing practices at all for this level. Instead, The Pilgrimage will be a journey of self-exploration.

It is a 3 - 6 month period which encourages you to open yourself up to many different cultures, traditions, religions and healing practices so that you receive a wide range of beautiful and divine blessings and so that you can open up to the energies of unification, love and acceptance at a deeper and more profound level.

And it is here, during The Pilgrimage, that you will be able to expand your horizons yet again as you open up to new ways of thinking, new ways of believing and new states of being. Whilst walking on your Pilgrimage journey, you will be surely receiving many beautiful & divine blessings along the way which will be bringing many energetic rewards and benefits into your consciousness.

The general theme here then is most certainly one of expansion. Expansion into new healing practices, expansion into an understanding of different religions, expansion of your faith & love as well as an expansion in your understanding about unification. The more opening, learning and embracing that you do here - the more divine blessings, love and expansion you will receive!

This part of our journey is therefore essential to The New Consciousness awakenings that are still to come on your journey forwards. After this past nine months of deep healing & purification work, you are now able to receive some of the fruits from this work as you are showered in love, light and unity from many sources of Higher Consciousness.

It is therefore with much love that we again wish to warmly welcome you here to this new and exciting journey of The Pilgrimage and we sincerely hope that you enjoy this time of self-exploration and expansion in the next 3 - 6 months! May all beings benefit from your very blessed and expansive work here during The Pilgrimage and may you enjoy many new realisations and learnings in the coming months ahead.

## VOLUME 3 - THE PILGRIMAGE

---

### AN OVERVIEW OF THIS ASCENSION PATHWAY:

During the first two volumes of ebooks, The Celestine Series and The Sorcebro Energy Suite, we have made it quite clear that each step on this Ascension Pathway becomes slightly larger than the last. We showed this to you graphically as an exponential pathway so that you could easily understand this very important concept.

As part of this, we also mentioned that the first three volumes of The Unified Pathway To Light would be providing you with the necessary energetic foundations for the very significant leap upwards in vibration of the Monimo Light and the Master Levels. From here, The Unified Pathway To Light will become your new equilibrium from which you can then transcend to a new heightened vibration as you embark on your Unified Pathway To Transcending The Light journey.

Also, you may have noticed that so far, in the interests of sharing many introductory and foundational teachings, the first two ebooks have been loaded with many teachings. Both of these introductory ebooks have needed to include these foundational and basic teachings so that we can help those who may have been new to energy based healing and this kind of ascension process.

From this point forwards though, we are now moving forwards into higher energetic frequencies and as such, we will now be building on these foundational lessons from the first two ebooks. As we do this, you will notice that the ebooks will now be more streamlined and focused on helping you to understand the nature of the new energies and how you will be needing to receive these into your consciousness.

During the higher levels also, and as you continue to progress, you will surely realise that it is the energies themselves that are teaching you and guiding you into these ascended states of awareness i.e. as They manifest your life's circumstances so that you can heal, grow and ascend.

We share this important concept with you here with much love and with the understanding that you will always be divinely guided, uniquely and perfectly, on your journey into the light. May you continue to enjoy this truly blessed pathway and may you open up to receiving all of these divine blessings, energetic upgrades and immense love on your journey into The New Consciousness.

## THE UNIFIED PATHWAY TO LIGHT

### VOLUME 3 - THE PILGRIMAGE

Having once again seen the journey that lies ahead, we would again like to include the diagrammatic overview of this transition into this new consciousness as we feel that this is a very important overview of the role and purpose of these Ascension Pathways.

As we understand it, the process of ascension will take a number of years and this is very necessary so that you can more easily and safely be guided to release the many layers of energetic debris that lies within. We have also heard this ascension process being described as purifying many lifetimes worth of karma in just a few short years and we feel that this is a very apt description!

Like all healing practices, it is with the feelings of patience, loving kindness, faith, surrender, joyous perseverance and gratitude that can often help us to keep moving forwards more easily. It is our deepest wish that all beings will enjoy ascending into this new feeling of love & light for the infinite benefit of all!

### CHAPTER THREE: THE PILGRIMAGE

---

#### WELCOME TO THE NEXT STEP OF YOUR JOURNEY TOWARDS THE NEW UNIFIED LOVE CONSCIOUSNESS - 'THE PILGRIMAGE':

It is with love that we welcome you to this new and ever expanding step on your pathway towards to The New Love Consciousness! Up until now, your energies have been expanded significantly through The Celestine Series and The Sorcebro Energy Suite as you have become more closely in alignment with the unification and one-ness of all.

Although it may not feel as such, there has now been a truly epic amount of healing work being done during these last few months and it is with a deep sense of gratitude and hope that we thank you for this most important work.

For it is only through people like you and this kind of healing and purification work that this planet can progress into much higher vibrational states of love and light. And it is only through our collective efforts, that our planet can again find its true and complete balance for the benefit of all.

So as we continue to expand and grow on our pathway, it is here through this time of pilgrimage, that we are again being brought closer to the idea of unification, love and one-ness. We are being asked to broaden our horizons further still and to open up to a wider array of frequencies, for the betterment of all.

There will be no attunements and no new practices to work through during this pilgrimage period, but rather, this is a time for your own self-exploration, a deepening in understanding about the beliefs and religions of others.

## THE UNIFIED PATHWAY TO LIGHT

### VOLUME 3 - THE PILGRIMAGE

---

It is a time for us to open ourselves up to receive the blessings of many Deities, Gods or Guru's so that we can move towards a deeper understanding that all God's bring love, light, healing & purification. It seems that in this new consciousness, all of the respective Deities and Gods are here to shower us in love, light and divine wisdom.

Too long has there been wars, disagreements, arguments and other love-less actions here on Earth in the name of religion. And The New Consciousness is about unification, love and acceptance of all. It is with respect, honour and grace that we may bow down to all God's in the understanding that they all bring much love and light into our being. May we each understand that all of these energies are very beneficial for our own healing and for that of other's.

And this seems to be a most important point through these teachings, as our energies begin to blossom and expand to accept the blessings from many God's, each of whom are shining down on us with the deepest and upmost purity. May this world soon understand the benefits of connecting with many types of Divine Beings for the benefits of themselves and the unified love consciousness. How fortunate we are to have so many to choose from!

May this Earth shine with acceptance and respect for all beliefs, backgrounds, cultures and religions and may we share love with each other regardless of what we believe in.

---

**IMPORTANT NOTE:** Before you begin The Pilgrimage, please ensure that you have activated (unlocked) these energies prior to commencing.

The activation / unlocking process is a simple 5 minute process which unlocks the energies and gives you access to them. Once you have unlocked the energies, this means that you have activated The Pilgrimage energies specifically for you.

You are therefore then ready to continue your Pilgrimage journey by working through this ebook, at your own pace and receiving the energies as you feel guided. If you have not yet activated / unlocked the Pilgrimage energies for yourself, you may do this by following the instructions on Page III of this ebook.

# THE UNIFIED PATHWAY TO LIGHT

## VOLUME 3 - THE PILGRIMAGE

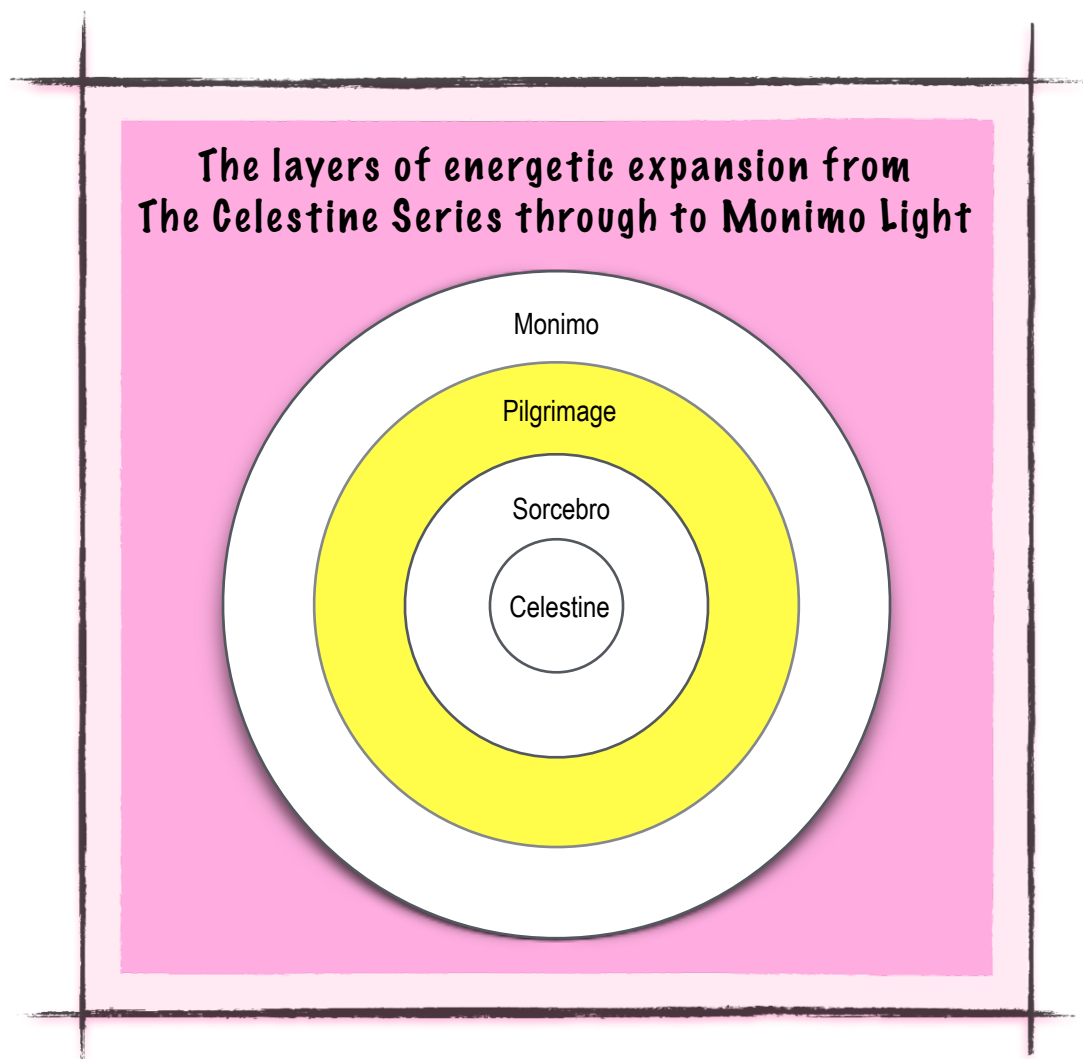

### 1. WELCOME TO THE THIRD CHAPTER IN THIS PATHWAY!

Although there are no attunements to be taken within this next step of the journey, The Pilgrimage marks an equally expansive step forwards on this pathway towards The New Consciousness. For as we connect with more religions, more God's and more Deities, we ourselves are able to welcome in more love & light from a wider range of divine frequencies.

We also help ourselves through paying homage to and respecting each of these different sources of love and light, as well as their respective followers. And then again, this allows us as a planet to move towards and embrace the idea of unification, one-ness and love.

Collectively, these points seem to be the driving force behind this next step forwards for us as we widen our perspectives and our understanding. This next phase of growth is encouraging us to connect with a wide range of ideals, of people and/or places from many parts of the globe in what can be a fascinating and exciting adventure of self-exploration.

The diagram below was something we received from the Guides and it shows our pathway so far. It also shows us the next step forwards after The Pilgrimage, which is The Monimo Light. As you can see, The Pilgrimage is the third level or layer of teaching in this pathway with The Monimo Light being the fourth growth phase.

## 2. INTRODUCING THE PILGRIMAGE:

The Guide 'Pisonn' explains this third chapter, "The Pilgrimage":

"The third section of this pathway to The New Love Consciousness is a deep expansion of the love energies through physical understanding and immersement in another or other cultures and religious undertakings. The point of this third phase is to grow in your ability to accept all; to grow in your understanding of others - and therefore to grow in your understanding of yourself, primarily in relation to the inter-collected nature of all. For we are indeed all one.

At this time there is much separation and segregation between the religious factors of the world and it is now time to bridge these gaps with love. There is no difference in the God that you worship, or do not worship. There is no difference between all of us - we are simply elementations of the true love essence. And this is brought through in ALL religions, in all cultures.

After the completion of the Sorcebro section, it is now time for you to 'open your eyes' further into the love consciousness by experiencing more of another or other God's or deities - a pilgrimage or experiential learning for the benefit of all. This experiential growth is now ready to be emerged further and further after the elemental energies of Sorcebro have been imbedded and instilled in your energy system. What God(s) or deity(s) is/are calling you? What culture have you longed to deepen your experience of? This calling is the deep heart essence opening to more and more love - allow it to be so.

The energies in this third section of love expansion are not to be confused or aligned with persuasion or 'converting' in any sense. They are energies of **expansion** and therefore enable our love to expand further by opening to more frequencies. You are not surrendering your own beliefs in exchange for others; you are surrendering your own beliefs in order to expand them - there is a difference.

A quote that we know you have received in the past is that "all Gods bring light/love". This is indeed the case and now is a harmonic time to be realising and expanding our beliefs into this. Each time you have taken an energy attunement you have opened to a new frequency and each time you open to a different God, more harmony exists in your world. Too much war and suffering has been generated due to the separation or angst caused between beliefs, and now is time to expand our beliefs for the benefit of all, through the focus on love rather than separation through the egoic consciousness.

At the root of all beings lies a deep sense of love, peace and collective unitation; it is what is yearned for by the soul, yet the ego "taketh away".

We have spoken enough. Please do not let confusion be at this time. You are simply being asked to open to more & varied love frequencies to help in your spiritual love evolution. As always do what feels right in your heart.

For this section, there is no time limitation. For some, they may feel ready to 'jump forth' soon after completing Sorcebro and for others, they may wish to wait many months before embarking on their pilgrimage of new understanding. Either way is tangible and shall be left to the individual's heart to show them the way.

The pilgrimage of understanding may be divided into two categories.

Those wishing to make a **physical** pilgrimage whereby they travel to a destination or destinations in order to be fully immersed in another religion or belief system.

A deepened sense of **energetic** pilgrimage whereby the individual heart leads them to a new understanding through reading, documentaries, internet research etc. This pathway is also opening to the new frequencies however in a different way. Where the first may require more financial and physical planning outlay, this option may be used for those with more limited resources.

There is no right or wrong pathway here - it is always up to the heart to choose. In either direction you will be opened and lead to new understandings which will then be built upon in the final Monimo section.

We estimate that the time given for this spiritual expansion will be approximately 3 - 6 months. Although the time taken for the individual pilgrimage may be less than this, the energies encompassing the growth and expansion will be emerging over this 3-6 month period.

As always, the energies you invest in this time bring you the energies in direct proportion to that which your intention states. By now, your intention will be well developed however why not try expanding it a little further? There is always room for more dedication to helping **all** through the growth of the collective consciousness.

The Monimo Light section will begin a minimum of three months from the completion of Sorcebro, and after having completed the section three pilgrimage of understanding and expansion.

Remember, the more you open - the more you expand - for the benefit of all. And the more you surrender, the more you expand for the benefit of all. Heed these words for they will come in handy during your pilgrimage months.

With many light blessings from the 20th Galaxy, and with many, many more to come."

~ Pisonn

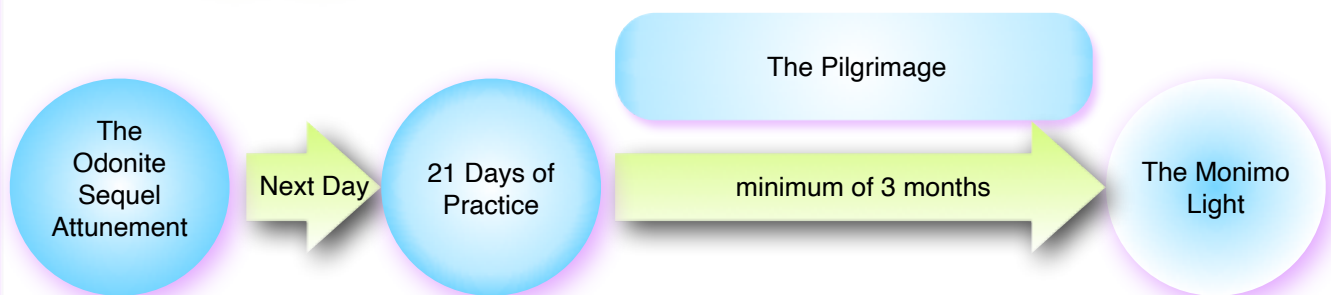

## THE UNIFIED PATHWAY TO LIGHT

### VOLUME 3 - THE PILGRIMAGE

With these beautiful and loving words from Pisonn, let us now expand a little and offer you some commentary. Firstly, let us consider the timeframes given here in this information. It is our understanding that the three month timeframe should be taken from the end of your 21 day practice in The Odonite Sequel, as these energies have now completed their healing work.

At this time, if you choose to move forwards with doing your pilgrimage, then you will need to allow a minimum of 3 months from this Odonite Sequel completion date. How you do your pilgrimage is totally up to you and your own preferences; as always follow your heart.

#### The Pilgrimage Timeline:

*Maybe you have always pondered about the deeper meanings of Buddhism?*

*Maybe you are fascinated by the sacred lands of India and the Hindu tradition?*

*Perhaps you have always dreamed of visiting the holy land of Jerusalem?*

*Or perhaps you may wish to visit Mecca in Saudi Arabia,*

*.....or experience Ramadan in a Muslim country,*

*or receive darshan (blessing) from Mahasambodhi Dharmasangha Guru in person?*

## THE UNIFIED PATHWAY TO LIGHT

### VOLUME 3 - THE PILGRIMAGE

---

This is now your time to explore any or all of these experiences either through the power of the internet or through your own personal / travelling pilgrimage tour.

But by no means does your pilgrimage have to be travel orientated. The pilgrimage is about opening yourself up to receiving the energies and the blessings from many different religions and opening yourself up to the many Gods and Deities within these religions. It is a process of opening and embracing rather than just travelling.

Through the internet, you are now able to find much information about any of the many religions in this world and you can also see many holy places in picture form through google images. This is a truly empowering thing and can bring you closer, energetically speaking, to being more open to all.

As they have said in the information, it is not about replacing any current beliefs with new ones but rather about opening up and expanding your acceptance and receptors, for the benefit of all! In our experiences, we have found it uncanny how much similarity there is between the teachings of Christianity, Buddhism, Hinduism and the Islamic faith.

***During your pilgrimage, remember that the investment of energy you put in, will be proportional to the energetic expansion you receive in return. In this way, it is up to you to decide just how in-depth you wish to venture and for how long and for many different traditions you look into. As always, follow your heart.***

The Pilgrimage has truly been a wonderful and eye opening experience for Marty and Gerry and something which has been felt more vibrantly in their energies.

As we open up to a new religion, just by opening up, we can allow ourselves to receive these new blessings as we pay our respects to the Deity, God or Guru and move forwards with more love. This is most important in The New Consciousness!

Remember also that you have received an activation of energies for The Pilgrimage, so you are always being helped on your journey. Go with what you feel drawn to and look out for synchronicities - small things that pop up to give you ideas or clues as to new avenues of Pilgrimage!

### 3. WHAT IS A PILGRIMAGE?

We understand that many of you reading this may already know what a pilgrimage is but in the interests of helping and in sharing information, let us now briefly cover what our understanding is of a pilgrimage.

As Marty and Gerry travelled through Asia during the years of 2013 and 2014, particularly in Nepal, they completed many pilgrimages. For example, pilgrimages to see their Guru, [Mahasambodhi Dharmasangha](#) in Nepal.

On other occasions, pilgrimages to Lumbini, (Nepal) the birthplace of Lord Buddha, in order to pay their respects and to bow down to this most blessed being who was born here.

They also attended and received a blessing from a Hindu Priest as they attended a small but intimate Puja in a Shiva cave temple near to Pokhara (Nepal) in what was another pilgrimage to pay respects to the Hindu Deities. Interestingly enough, after receiving these Shiva blessings, they noticed a big shift in their energy towards accepting and embracing the Hindu tradition. Something which they are very grateful for.

Travelling through Sri Lanka and Vietnam they visited temples, monasteries and holy places. Each time paying their respects to these sacred sights. It is Marty and Gerry's understanding that their travels to these locations would all be referred to as pilgrimages.

Marty and Gerry's 'The Unified Pathway To Light' three month pilgrimage period finished on 15th April 2014 as they attended a Full Moon Puja at Maya Devi Temple, Lumbini, on Buddha Jayanti (the birthday of Lord Gautam Buddha). The puja was an international collaboration of different Buddhist monasteries each taking turns to chant to Buddha in their own languages. A beautiful unification and clearly a teaching for Marty and Gerry to embed even deeper in their understanding that love unites all.

[Mahasambodhi Dharmasangha Guru](#)

Marty and Gerry have done much spiritual travel in these last few years so much of their travelling has indeed become a pilgrimage. It is their understanding that these kinds of practices are also very purifying and help us to clear away more of our old or unwanted energies from within as we walk forwards into more love and light, for the benefit of all.

Let us now finish off by looking more closely at the definitional aspects of a pilgrimage, rather than Marty and Gerry's own personal experiences. If we look closely at these defining words, it becomes

clearer that it is *our intention* which is most important.

Take, for example, the idea of someone travelling to a holy place but without any 'intention' to look for moral or spiritual significance. They may arrive at the holiest of places but may treat it with much disrespect, ignorance or without any interest at all. From our definition, this probably wouldn't be classed as a pilgrimage so much as a travelling experience.

Let us also consider an example of a person who doesn't travel at all. Maybe they choose to spend time researching spiritual sites or religious things and read with respect, love or even just with interest. Maybe they reflect on the information with the intention of opening up to these new vibrations. In our eyes, this would most certainly be a pilgrimage as it is "a journey or a search of moral or spiritual significance".

May your pilgrimage bring you much love, light and understanding into your new world. May you open and embrace the feelings of unification as you accept and expand further for the benefit of us all. May your new understanding radiate outwards for all to benefit from and may you share these new realisations with many to come!

Machu Picchu

#### 4. PLEASE LEARN THESE TWO COURSES DURING YOUR PILGRIMAGE:

Having now understood what it means to do a pilgrimage, you will surely have many wonderful ideas from which you can explore, expand and move towards in the coming months ahead. And as part of this beautiful period of self exploration, devotion and pilgrimage, we would also like to humbly and lovingly request that you please complete two very important Love Inspiration courses doing this next few months.

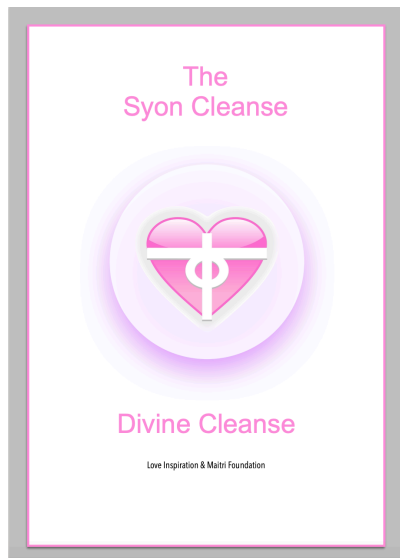

Both of these courses (described below) will be helping to provide you with a very important and highly necessary energetic foundation for the energies which are still to come and it is with much love that **we strongly recommend that you complete both of these courses here as part of your Pilgrimage journey.**

For more information about why these courses are so important for your Ascension Pathway forward, please refer to the below information which explains this information to you for each course.

##### 1) The Syon Cleanse

The Syon Cleanse can be received very easily in around 1 - 2 days and is a very simple cleanse that can help you to cleanse away many old or unwanted energies from within.

The Syon Cleanse is particularly important here because as you progress through these Ascension Pathways, you will be starting to move into a far higher vibrational frequency of ascension based energies. As you do this, it becomes more and more important to cleanse regularly and with the right cleansing tools.

Therefore, in this way, The Syon Cleanse will be providing you with the necessary basics so that you can step forwards into the higher and more advanced cleansing energies of the Advanced Syon Cleanse, The Triple Advanced Syon Cleanse and the Master Syon Cleanse (noting that these Advanced Syon Cleanses are a very important part of this Ascension Pathway).

So in other words, the first Syon Cleanse will be helping to provide you with the preliminary Syon Cleanse energies steps so that you can move into the more advanced cleansing energies at a future point of your Ascension Pathway. And as we've just mentioned, the Advanced Syon

Cleansing energies will be of great service to you as you continue to progress!

So please, we would like to highly recommend that you use this 3 week resting period here to firstly receive [The Syon Cleanse](#). This course is available freely and with love on our website and we hope that you will enjoy receiving these energies with much love & gratitude!

### VOLUME 3 - THE PILGRIMAGE

#### 2) Maitrijusha & Maitrijusha-Ni

Another very important teaching for us to recommend here as you complete your Pilgrimage journey is the [Maitrijusha Master Levels Symbols - Volume 1 - Maitrijusha & Maitrijusha-Ni](#) course.

This first level of the Maitrijusha Series allows you to open up and receive two very special and wonderful healing symbols that will be helping you to magnify and intensify certain Higher Consciousness frequencies.

This Volume 1 - Maitrijusha & Maitrijusha-Ni course can be completed in around 12 days which will likely be a perfect fit for you during this period of self exploration and pilgrimage.

For some of you, you will have already completed this course as part of your Celestine Series and Sorcebro Energy Suite teachings and this is fine. We are very happy that you have followed along with our suggestions here and may you continue to enjoy these wonderful energies.

For those of you who have still yet to complete these energies however, this is the point where we would like to strongly recommend that you receive these. By receiving the Maitrijusha energies, your energy field will be being prepared for the higher series of Maitrijusha energies that are awaiting you as you continue to progress through your Ascension Pathway.

Therefore, in the same way as The Syon Cleanse is an important preliminary course for you at this stage, the Maitrijusha energies are an equally important complement to the Ascension Pathway! This will likely make more sense to you as you progress through this Ascension Pathway but for now, we kindly ask that you do indeed receive this first Maitrijusha Master Level Symbols Course here in preparation for that which is still to come. Thankyou!

## **5. ADDITIONAL INSIGHTS - OPENING UP TO NEW FOOD CHOICES:**

There are many types of different experiences that can be gained from doing any kind of personal growth work, energy based healing work or meditation, and many of you will no doubt have already felt this from your own personal practices so far.

Perhaps you are feeling some kinds of sensations as you work with the healing practices, perhaps you feel more relaxed within yourself generally or perhaps you are more mindful as you go about your daily life. These are all very positive signs that there has been much positive change happening within your energy during these last few months.

One major change that Marty & Gerry experienced whilst on this pathway, and particularly in the later stages of The Pilgrimage (and through the next year or so) was the way they approached food. It has since become very clear to them that as their love vibration was being raised, they no longer wished to eat the same sorts of foods that they had in the past.

Being vegetarian they decided to move towards veganism (no meat or any other animal products). As they learnt how to cook and eat these kinds of new foods, they were then guided towards reducing the gluten in their life.

The overall feeling throughout this time were that they were needing to steer well clear of all processed foods as part of a shift back towards organic, home grown and wholesome foods. Foods that did not harm another living being and that had come from a very pure and organic source (without any other harmful substances being added to them).

These food developments all started to happen around this pilgrimage time so we have chosen to include this here however it is important to point out that it was a very natural, organic and slow progressive movement which happened over the course of many months.

So we invite you to bring mindfulness about this in your own life. What are you feeling guided towards doing at the moment?

During this time of pilgrimage, as you open up to a variety of new beliefs, traditions and religions, perhaps you are also being guided towards opening up to a new way of perceiving the way you eat. After all, food is something which can be very deeply healing also.

As with all things, please be sure to set your intention clearly and if you feel that you wish to receive more help with your food choices or anything else in your life, then please be sure to ask the Universe for it!

## **6. FINAL COMMENTS & NEXT STEPS:**

There are no doubt many new and exciting adventures ahead for you as you prepare for moving through your own unique and wondrous Pilgrimage. We hope that this next few months is a time of love, light and expansion as you connect to or more deeply understand the idea of unification and one-ness in your own way.

Please remember that there is no requirement for travelling here in this Pilgrimage and like all the levels that you have previously walked through, please be guided by your own feelings and intuition. If you feel very excited about travelling and you have the means, then why not! If you are an avid researcher and you feel excited to do lots of new and exciting research on the internet, or in person, then again please honour this.

\*\*\*

For many of you, The Pilgrimage can also be a good time to explore other forms of energy based healing practices and as we mentioned to you here in this ebook, we strongly recommend that you complete both [The Syon Cleanse](#) and the [Maitrijusha Master Levels Symbols Course](#) as part of your pilgrimage.

If however you have already completed the Maitrijusha teachings, we invite you to open up to any of our other [healing courses](#) or [Reiki courses](#) as you feel guided. For example, for those of you who have been learning Usui Reiki prior to or alongside your Ascension Pathway, this 3 - 6 month period is a great time for you to start learning and opening up to the Advanced Usui Reiki energies.

For those of you who may have come to the Ascension Pathway via the Kundalini Reiki teachings, you may like to learn Advanced Kundalini Healing now as a part of your Pilgrimage work. And of course, there are a wide array of [Master Levels Symbols](#), [Divine Cleanses](#) and other healing systems that are available to you also.

In addition to this, you will also see a very beautiful and profound teaching in the appendix section of this ebook ([Appendix 1: The Thirteen Pathways To The New Love Consciousness](#)) which you can now use during this 3 - 6 month period to bring more love, wisdom and understanding into your life. These are very profound and inspirational teachings and it can be very beneficial to recite these daily during your Pilgrimage.

## THE UNIFIED PATHWAY TO LIGHT

### VOLUME 3 - THE PILGRIMAGE

---

Most importantly, for those of you who will be exploring the realms of energy based healing, we wish to point out here that these are best done in conjunction with The Pilgrimage. Please do also open up to new religions, new traditions and other kinds of new openings that feel right for you. The energy based healing practices can be one very beautiful part of your awakening but they should definitely not be the only one!

Looking forwards now to the Monimo Light energies and this will be another very expansive and ascensional layer of energies. These healing practices will be taking the healing & purification to a far deeper level than previously experienced as you are guided towards healing many internal shadows which are still embedded in your consciousness.

After completing the energies of The Monimo Light, you will then be guided very beautifully into the Master Levels and should you choose to, you will be invited to become a Unified Pathway To Light Master Teacher, meaning that you can start to share these energies with others. A truly wonderful gift!

For now though, may you enjoy your pilgrimage journey and self exploration and may they help you to receive and open up to a diverse range of infinite & divine blessings!

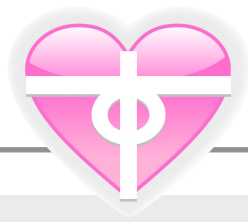

If you would like a certificate for completing The Unified Pathway To Light - Volume 3, please click on the link to be taken to our website where you can [download a certificate for this course](#) in PDF format. Simply print it out and fill it in as you wish. Congratulations!

*May all beings experience the feelings of unity, love and light as we move towards The New Consciousness of love!*

**APPENDIX 1**  
**THE THIRTEEN PATHWAYS TO**  
**THE NEW LOVE CONSCIOUSNESS**

## INTRODUCTION:

In previous levels, namely the Ecliptine Light level and the Corsicro phase, we have introduced you to what was described to us as "The Scrolls Of The New Love Consciousness". Amongst other things, these can help provide us with a deeper understanding about how we may continue to fuel our love vibration by being loving and kind to others.

These guidelines may also have helped us to perhaps understand more deeply, some of the ways that we may wish to outwardly express our new love vibration in a way that could help us to further evolve forwards towards The New Consciousness.

At this "Pilgrimage" stage on our journey, we are being asked to open ourselves up to more frequencies and more ways of understanding. It is therefore very appropriate to introduce these beautiful and simple teachings at this point.

Marty and Gerry themselves received these teachings clairvoyantly on 20th February 2014 in Khudi, Nepal as they were visiting their Guru Mahasambodhi Dharmasangha. The teachings were described as "The teachings of the 13 Soul Beings" and Marty and Gerry are deeply grateful for receiving what they believe to be a succinct, simple, yet deeply profound set of teachings about the pathways towards The New Consciousness of love.

They hope that you too will enjoy these teachings as much as they have and may you start incorporating these principles and concepts into all areas of your life where they are needed.

May these concepts very naturally arise in our mind-stream as we each go about our daily lives so that we may further evoke and grow towards this truly magnificent vibration of love!

## THE THIRTEEN PATHWAYS TO THE NEW LOVE CONSCIOUSNESS:

To incorporate these teachings into our life is to surely spend many years and perhaps even a lifetime doing reflection, meditation, healing and growth work. For they paint the picture of how we can walk towards what they describe as "The Divine Self"; one which is free from the egoic-type thinking which currently dominates us so.

To reduce our egos is to move closer towards love, to clear away impurities from within and to purify towards this truly 'divine self'.

Actually it is quite interesting as we start to speak of this because you will find many websites and material online where many mediums are also receiving information that this new consciousness is a phenomena which moves us from the old 'EGOIC' consciousness towards the new 'UNIFIED' consciousness.

So far, Love Inspiration has been guided to provide many examples to you about one-ness, unification, love and ridding ourselves of our impurities and old egoic thought patterns. It seems that these concepts are starting to now come together quite nicely in what may be a further clarification about the true profundity of The New Consciousness and its impact on this world.

The Thirteen Pathways To The New Love Consciousness are as follows:

1. Love
2. Acceptance
3. Freedom (free will or free choice)
4. Guidance
5. Perseverance
6. Humility
7. Charity
8. Fulfilment
9. Peace
10. Forgiveness
11. Transcendence
12. Purity
13. Gratitude

"These are the Teachings of the 13 Soul Beings:"

*Set One:*

- 1. Love** - Above all, love.
- 2. Acceptance** - Accept all.
- 3. Freedom** - Freedom allows the heart to speak. Be free and allow others to be free also.
- 4. Guidance** - Guidance is here for all who choose to seek it; without discrimination.

*Set Two:*

- 5. Perseverance** - Encourage others. Unite them and bring them home.
- 6. Humility** - Offer and embrace at all times, regardless.
- 7. Charity** - Humble goodwill, use it.
- 8. Fulfilment** - Seek it within yourself through helping others.
- 9. Peace** - Harmony between self and all. Unification equals harmony.

*Set Three:*

- 10. Forgiveness** - Forgive all, including thy self. Learn. Forgive. Heal. Teach.
- 11. Transcendence** - The beauty of God is within us all, transcend the ego and you too shall see it.
- 12. Purity** - Each and every internal light yearns to be displayed to all. Purity comes from within - allow it to be.
- 13. Gratitude** - The ultimate respect. Turn it on. Always.

### Describing the Three 'Sets':

The following information and diagrams were also brought through from the Guides.

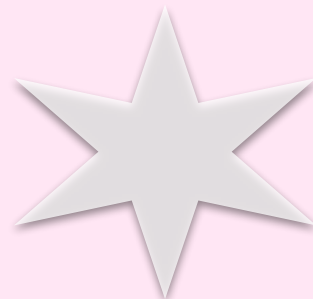

Set 1 = The Wholesome Self (Ego = 1/2)

Set 2 = The True Self (Ego = 1/3)

Set 3 = The Divine Self  
"The 6 pointed star is fully lit"

### FINAL COMMENTS:

To reflect on these "Thirteen Pathways To The New Love Consciousness" teachings with an intention to benefit all is to bring much light and wisdom into our lives. To understand that we are all one and to reflect on this most important concept as we dedicate ourselves and our lives for benefiting others wherever we can is a truly noble and worthwhile cause.

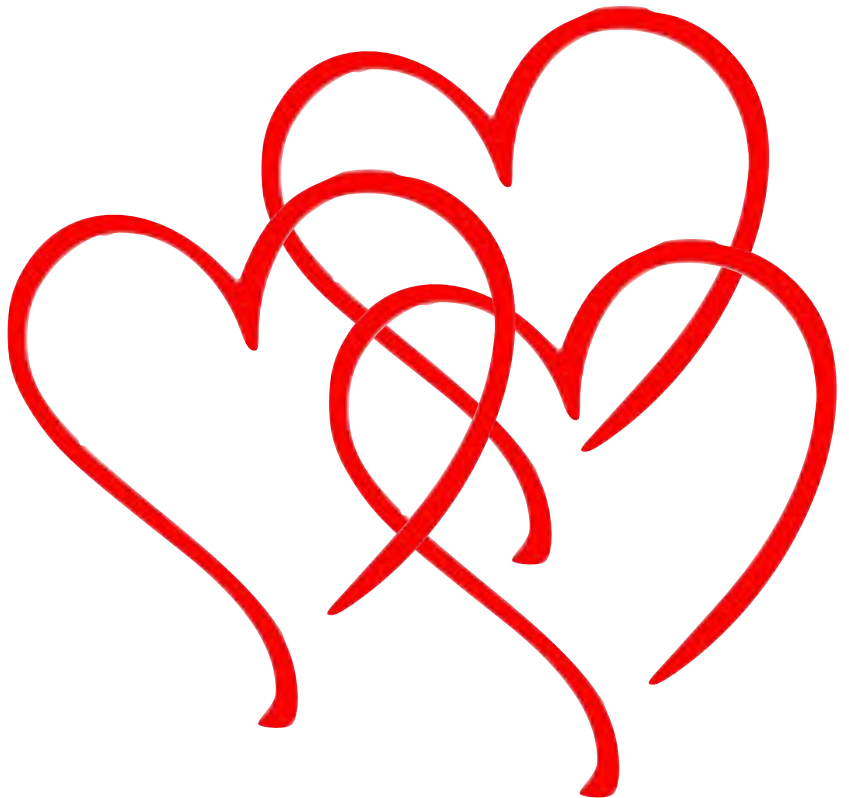

To love, accept & give wherever we can with a humble and pure intention is surely the new way of thinking for us as a planet. For as we start to feel the positive effects of such practices on our own states of inner peace, happiness and well-being, we can with love begin to help others to walk into this new light.

May these thirteen pathways help you to more easily embrace and open yourself up to many different sources of light and may these teachings help to bring you to a more positive, loving and happy way of life!

*May we all dedicate ourselves to walking on this light filled pathway and may we all be an inspiration to each other. May all of our internal light's be so tremendously lit so that we can become a beacon of love and light for all to benefit from throughout the cosmos!*

*With love inspired blessings,*
